

JKC FUND

Société d'Investissement à Capital Variable
Luxembourg

Sub-Fund "LA FRANÇAISE JKC China Equity"
Sub-Fund "LA FRANÇAISE JKC Asia Equity"

INTRODUCTION

JKC FUND (the "Fund") is an open-ended investment company organized under the laws of the Grand Duchy of Luxembourg as a "*Société d'Investissement à Capital Variable*".

The Fund is offering shares (the "Shares") of one or several separate sub-funds (individually a "Sub-Fund", collectively the "Sub-Funds") on the basis of the information contained in this prospectus (the "Prospectus") and in the documents referred to herein. No person is authorised to give any information nor to make any representations concerning the Fund other than as contained in the Prospectus and in the documents referred to herein, and any purchase made by any person on the basis of statements or representations not contained in or inconsistent with the information and representations contained in the Prospectus shall be solely at the risk of the purchaser. Neither the delivery of the Prospectus nor the offer, sale or issue of Shares shall under any circumstances constitute a representation that the information given in the Prospectus is correct as at any time subsequent to the date hereof. An Addendum or updated Prospectus shall be provided, if necessary, to reflect material changes to the information contained herein.

The distribution of the Prospectus is not authorised unless it is accompanied by the most recent annual and semi-annual reports of the Fund, if any. Such report or reports are deemed to be an integral part of the Prospectus.

The Shares to be issued hereunder may be of several different classes which relate to several separate Sub-Funds of the Fund. For each Sub-Fund, the board of directors of the Fund (the "Board of Directors") may decide at any time to issue different classes of Shares (individually a "Class", collectively the "Classes") whose assets will be invested jointly according to the Sub-Fund's specific investment policy, but with specific features applicable to each class of Shares. Shares of the different Sub-Funds may be issued, redeemed and converted at prices computed on the basis of the net asset value (the "Net Asset Value") per Share of the relevant Class or Sub-Fund, as defined in the Articles of Incorporation of the Fund (the "Articles").

In accordance with the Articles, the Board of Directors may issue Shares in each Sub-Fund. A separate portfolio of assets is maintained for each Sub-Fund and is invested in accordance with the investment objective applicable to the relevant Sub-Fund. As a result, the Fund is an "umbrella fund" enabling investors to choose between one or more investment objectives by investing in one or more Sub-Funds. Investors may choose which Sub-Fund best suits their specific risk and return expectations as well as their diversification needs.

The Fund currently offers two Sub-Funds:

- LA FRANÇAISE JKC China Equity
- LA FRANÇAISE JKC Asia Equity

The Board of Directors may, at any time, create additional Sub-Funds, whose investment objectives may differ from those of the Sub-Funds then existing. Upon creation of new Sub-Funds, the Prospectus will be updated accordingly. The same applies in case of creation of classes of Shares.

The distribution of the Prospectus and the offering of the Shares may be restricted in certain jurisdictions. The Prospectus does not constitute an offer or solicitation in a jurisdiction where to do so is unlawful or where the person making the offer or solicitation is not qualified to do so or where a person receiving the offer or solicitation may not lawfully do so. It is the responsibility of any person in possession of the Prospectus and of any person wishing to apply for Shares to inform himself or herself of and to observe all applicable laws and regulations of relevant jurisdictions.

The Board of Directors has taken all reasonable care to ensure that the facts stated herein are true and accurate in all material respects and that there are no other material facts the omission of which would

make misleading any statement herein, whether of fact or opinion. The Board of Directors accepts responsibility accordingly.

Luxembourg - The Fund is registered pursuant to Part I of the Luxembourg law of 17 December 2010 concerning undertakings for collective investment, as may be amended from time to time (the "Law of 2010"). However, such registration does not require any Luxembourg authority to approve or disapprove either the adequacy or accuracy of the Prospectus or the assets held in the various Sub-Funds. Any representations to the contrary are unauthorised and unlawful.

European Union ("EU") - The Fund is an Undertaking for Collective Investment in Transferable Securities ("UCITS") for the purposes of the Council Directive 2009/65/EC, as amended (the "UCITS Directive") and the Board of Directors of the Fund proposes to market the Shares in accordance with the UCITS Directive in certain Member States of the EU. Its marketing is authorised in Luxembourg and in other countries of the EU. A list of the registrations countries is available, free of charge, at the registered office of the Management Company; its Shares may be offered and sold in all of these countries. No steps have been taken to allow the public offering of the Shares in any other jurisdiction in which such measures would be necessary. In short, prior to any subscription in a country in which the Fund is registered, prospective investors should check the Sub-Funds and Classes that are authorised to be marketed; they should also check the existence of any legal and foreign exchange constraints on the subscription, purchase, holding or sale of Shares of the Fund. Investors are specifically advised to check the costs and other charges that may be invoiced by any paying agent situated in a jurisdiction in which the Shares are offered and who carries out any subscription or redemption transaction.

United States of America ("USA") - The Shares have not been registered under the United States Securities Act of 1933, as amended (the "1933 Act"); they may therefore not be publicly offered or sold in the USA, or in any of its territories subject to its jurisdiction or to or for the benefit of a U.S. Person as such expression is defined by Article 10 of the Articles and hereinafter.

The Shares are not being offered in the USA, and may be so offered only pursuant to an exemption from registration under the 1933 Act, and have not been registered with the Securities and Exchange Commission or any state securities commission nor has the Fund been registered under the Investment Company Act of 1940, as amended (the "1940 Act"). No transfer or sale of the Shares shall be made unless, among other things, such transfer or sale is exempt from the registration requirement of the 1933 Act and any applicable state securities laws or is made pursuant to an effective registration statement under the 1933 Act and such state securities laws and would not result in the Fund becoming subject to registration or regulation under the 1940 Act. Shares may furthermore not be sold or held either directly by nor to the benefit of, among others, a citizen or resident of the USA, a partnership organized or existing in any state, territory or possession of the USA or other areas subject to its jurisdiction, an estate or trust the income of which is subject to United States federal income tax regardless of its source, or any corporation or other entity organized under the laws of or existing in the USA or any state, territory or possession thereof or other areas subject to its jurisdiction (a "U.S. Person"). All purchasers must certify that the beneficial owner of such Shares is not a U.S. Person and is purchasing such Shares for its own account, for investment purposes only and not with a view towards resale thereof.

The present document may not be introduced, transmitted nor distributed in the USA (including their territories or possessions), or handed over to US citizens or residents, nor to companies, associations or other entities registered in the USA or governed by the laws of the USA and any US person that would fall within the ambit of the Foreign Account Tax Compliance provisions of the US Hiring Incentives to Restore Employment Act enacted in March 2010 US Foreign Account Tax Compliance Act.

The Articles give powers to the Board of Directors of the Fund to impose such restrictions as they may think necessary for the purpose of ensuring that no Shares in the Fund are acquired or held by any person in breach of the law or the requirements of any country or governmental authority or by any person in circumstances which in the opinion of the Board of Directors might result in the Fund incurring any liability or taxation or suffering any other disadvantage which the Fund may not otherwise have incurred or

suffered and, in particular, by any U.S. Person as referred to above. The Fund may compulsorily redeem all Shares held by any such person.

The value of the Shares may fall as well as rise and a shareholder on transfer or redemption of Shares may not get back the amount he or she initially invested. Income from the Shares may fluctuate in money terms and changes in rates of exchange may cause the value of Shares to go up or down. The levels and basis of, and reliefs from, taxation may change. There can be no assurance that the investment objectives of the Fund will be achieved.

Investors should inform themselves and should take appropriate advice on the legal requirements as to possible tax consequences, foreign exchange restrictions or exchange control requirements which they might encounter under the laws of the countries of their citizenship, residence, or domicile and which might be relevant to the subscription, purchase, holding, conversion, redemption or disposal of the Shares of the Fund.

All references in the Prospectus to "USD" are to the legal currency of the United States of America.

All references in the Prospectus to "EUR" are to the legal currency of the European Union Member States participating to the Economic Monetary Union.

All references in the Prospectus to "HK\$" are to the legal currency of Hong Kong.

All references in the Prospectus to "Business Day" refer to any day on which banks are open for business in Luxembourg City.

Shares of the various Sub-Funds must be subscribed solely on the basis of the information contained in the Prospectus and the Key Investor Information Document ("KIID"). The KIID is a pre-contractual document that contains key information for investors. It includes appropriate information about the essential characteristics of each Class of a particular Sub-Fund.

If you are considering subscribing for Shares, you should first read the KIID carefully together with the Prospectus and its appendices, which include in particular information on the various Sub-Funds' investment policies, and you should also consult the Fund's last published annual and semi-annual reports, copies of which are available from the following internet site www.fundsquare.net, from local agents, if any, or from the entities marketing the Shares and may be obtained upon request, free of charge, at the Fund's registered office.

Data protection

Certain personal data of investors (including, but not limited to, the name, address and invested amount of each investor) may be collected, recorded, stored, adapted, transferred or otherwise processed and used by the Fund, the Custodian, the Administrative Agent, the Registrar and Transfer Agent, the Domiciliary and Corporate Agent and any other person who provides services to the Fund from time to time and the financial intermediaries of such investors. In particular, such data may be processed for the purposes of account and distribution fee administration, anti-money laundering and terrorism financing identification, maintaining the register of shareholders, processing subscription, redemption and conversion orders (if any) and payments of dividends to shareholders and to provide client-related services, tax identification, and the case may be by virtue of the savings directive or for compliance with the Foreign Account Tax Compliance Act. Such information shall not be passed on to any unauthorised third persons.

The Fund may sub-contract to another entity (the "Processor") (such as the Administrative, Registrar and Transfer Agent) the processing of personal data. The Fund undertakes not to transfer personal data to any third parties other than the Processor except if required by law or on the basis of a prior consent of the shareholders.

The Fund may be required as part of its compliance with the Foreign Account Tax Compliance Act to disclose to the US tax authorities via the Luxembourg tax authorities personal information related to specified US persons, non-participating foreign financial institutions (FFIs), and passive non-financial foreign entities (NFFEs) with one or more controlling person that is a specified US person.

Each shareholder has a right of access to his/her/its personal data and may ask for a rectification thereof in case where such data is inaccurate or incomplete.

By subscribing to the Shares, each investor consents to such processing of its personal data.

PART A: FUND INFORMATION

INVESTMENT OBJECTIVES, POLICIES, TECHNIQUES AND INVESTMENT RESTRICTIONS

I. INVESTMENT OBJECTIVES AND POLICIES

The investment objective of the Fund is to manage the assets of each Sub-Fund for the benefit of their shareholders within the limits set forth under chapter II "Investment Restrictions" herebelow. In order to achieve the investment objective, the assets of the Fund will be invested in transferable securities or other eligible assets permitted by law.

Each Sub-Fund may (a) use financial derivative instruments for investment, hedging and efficient portfolio management purposes, and (b) exploit the techniques and instruments relating to transferable securities and money market instruments for the purpose of efficient portfolio management, under the conditions and within the limits laid down by law, regulation and administrative practice, as well as under chapters II "Investment Restrictions" and III "Techniques and instruments relating to transferable securities and money market instruments" herebelow.

Each Sub-Fund shall ensure that its global exposure relating to financial derivative instruments does not exceed the total net value of its portfolio. Global exposure is a measure designed to limit the leverage generated by each Sub-Fund through the use of financial derivative instruments. In order to calculate global exposure, each Sub-Fund will use the commitment approach, thereby aggregating the market value of the equivalent position of underlying assets.

The investments within each Sub-Fund are subject to market fluctuations and to the risks inherent in all investments; accordingly, no assurance can be given that the investment objective of each Sub-Fund will be achieved.

The investment policies and structure applicable to the various Sub-Funds and Classes created by the Board of Directors are described hereinafter in Part B of the Prospectus. If further Sub-Funds and Classes are created the Prospectus will be updated accordingly.

II. INVESTMENT RESTRICTIONS

The Board of Directors shall, based upon the principle of risk spreading, have power to determine the corporate and investment policy for the investments of each Sub-Fund, the reference currency of each Sub-Fund and the course of conduct of the management and business affairs of the Fund.

Except to the extent that more restrictive rules are provided for in connection with a specific Sub-Fund in Part B of the Prospectus, the investment policy shall comply with the rules and restrictions laid down hereafter.

Where a UCITS comprises more than one Sub-Fund, each Sub-Fund shall be considered as a separate UCITS for the purpose of the present section.

For best understanding, the following concepts are defined hereafter:

China or Mainland China	The People's Republic of China (excluding the Hong Kong Special Administrative Region, Macau Special Administrative Region and Taiwan)
Group of Companies	Companies belonging to the same body of undertakings and which must draw up consolidated accounts in accordance with Council Directive 83/349/EEC of 13 June 1983 on consolidated accounts and according to recognized international accounting rules
Member State	A member state of the European Union
Money Market Instruments	Instruments normally dealt in on the money market which are liquid, and have a value which can be accurately determined at any time
Other Regulated Market	Market which is regulated, operates regularly and is recognized and open to the public, namely a market (i) that meets the following cumulative criteria: liquidity; multilateral order matching (general matching of bid and ask prices in order to establish a single price); transparency (the circulation of complete information in order to give clients the possibility of tracking trades, thereby ensuring that their orders are executed on current conditions); (ii) on which the securities are dealt in at a certain fixed frequency; (iii) which is recognized by a state or by a public authority which has been delegated by that state or by another entity which is recognized by that state or by that public authority such as a professional association; and (iv) on which the securities dealt are accessible to the public
Other State	Any State of Europe which is not a Member State, and any State of America, Africa, Asia, Australia and Oceania
Reference Currency	Currency denomination of the relevant Class or Sub-Fund

Regulated Market

A regulated market as defined in Directive 2004/39/EC of the European Parliament and of the Council of 21 April 2004 on markets in financial instruments (the “Directive 2004/39/EC”), namely a multilateral system operated and/or managed by a market operator, which brings together or facilitates the bringing together of multiple third-party buying and selling interests in financial instruments – in the system and in accordance with nondiscretionary rules – in a way that results in a contract, in respect of the financial instruments admitted to trading under its rules and/or systems, and which is authorised and functions regularly and in accordance with the provisions of Title III of said Directive

Regulatory Authority

The Commission de Surveillance du Secteur Financier or its successor in charge of the supervision of the undertakings for collective investment in the Grand Duchy of Luxembourg

Transferable Securities

- Shares and other securities equivalent to shares;
- bonds and other forms of securitized debt (debt securities);
- any other negotiable securities which carry the right to acquire any such transferable securities by subscription or exchanges, with the exclusion of techniques and instruments

UCI

Undertaking for collective investment.

A. Investments in the Sub-Funds may consist solely of:

(1) Transferable Securities and Money Market Instruments admitted to or dealt in on a Regulated Market;

(2) Transferable Securities and Money Market Instruments dealt in on an Other Regulated Market in a Member State;

(3) Transferable Securities and Money Market Instruments admitted to official listing or dealt in on an Other Regulated Market in an Other State;

(4) recently issued Transferable Securities and Money Market Instruments, provided that:

- the terms of issue include an undertaking that application will be made for admission to official listing on a Regulated Market or on an Other Regulated Market as described under (1)-(3) above;
- such admission is secured within one year of issue;

(5) units of UCITS authorized according to Directive 2009/65/EC and/or other UCIs within the meaning of Article 1, paragraph (2) of Directive 2009/65/EC, whether situated in a Member State or in an Other State, provided that:

- such other UCIs are authorised under laws which provide that they are subject to supervision considered by the Regulatory Authority to be equivalent to that laid down in Community law, and that cooperation between authorities is sufficiently ensured; UCIs that have been authorised under the laws of any Member State, of any member state of the Organization for Economic Cooperation and Development or under the laws of Bermuda, Hong Kong, Guernsey, Jersey, the Isle of Man, Liechtenstein and Singapore are deemed to be subject to equivalent supervision. Such list is however subject to change from time to time.
- the level of protection for unitholders in the other UCIs is equivalent to that provided for unitholders in a UCITS, and in particular that the rules on assets segregation, borrowing, lending, and uncovered sales of Transferable Securities and Money Market Instruments are equivalent to the requirements of Directive 2009/65/EC;
- the business of the other UCIs is reported in half-yearly and annual reports to enable an assessment of the assets and liabilities, income and operations over the reporting period;
- no more than 10% of the assets of the UCITS or of the other UCIs, whose acquisition is contemplated, can, according to their management regulations or instruments of incorporation be invested in aggregate in units of other UCITS or other UCIs;

(6) deposits with a credit institution which are repayable on demand or have the right to be withdrawn, and maturing in no more than 12 months, provided that the credit institution has its registered office in a Member State or, if the registered office of the credit institution is situated in an Other State, provided that it is subject to prudential rules considered by the Regulatory Authority as equivalent to those laid down in Community law;

(7) financial derivative instruments, such as, but not limited to, options, futures, including equivalent cash-settled instruments, dealt in on a Regulated Market or on an Other Regulated Market referred to in (1), (2) and (3) above, and/or financial derivative instruments dealt in over-the-counter ("OTC derivatives"), provided that:

- (i) - the underlying consists of instruments covered by this Section A, financial indices, interest rates, foreign exchange rates or currencies, in which the Fund may invest according to its investment objectives;
 - the counterparties to OTC derivative transactions are credit institutions subject to prudential supervision, and belonging to the categories approved by the Regulatory Authority; and
 - the OTC derivatives are subject to reliable and verifiable valuation on a daily basis and can be sold, liquidated or closed by an offsetting transaction at any time at their fair value at the Fund's initiative;
- (ii) under no circumstances shall these operations cause the Fund to diverge from its investment objectives;

(8) Money Market Instruments other than those dealt in on a Regulated Market or on an Other Regulated Market, to the extent that the issuer or the issuer of such instruments is itself regulated for the purpose of protecting investors and savings, and provided that such instruments are:

- issued or guaranteed by a central, regional or local authority or by a central bank of a Member State, the European Central Bank, the EU or the European Investment Bank, an Other State or, in case of a Federal State, by one of the members making up the federation, or by a public international body to which one or more Member States belong; or
- issued by an undertaking any securities of which are dealt in on Regulated Markets or on Other Regulated Markets referred to in (1), (2) or (3) above; or
- issued or guaranteed by an establishment subject to prudential supervision, in accordance with criteria defined by Community law, or by an establishment which is subject to and complies with prudential rules considered by the Regulatory Authority to be at least as stringent as those laid down by Community law; or
- issued by other bodies belonging to the categories approved by the Regulatory Authority provided that investments in such instruments are subject to investor protection equivalent to that laid down in the first, the second or the third indent and provided that the issuer is a company whose capital and reserves amount to at least ten million euro (EUR 10,000,000) and which presents and publishes its annual accounts in accordance with Directive 78/660/EEC, is an entity which, within a Group of Companies which includes one or several listed companies, is dedicated to the financing of the group or is an entity which is dedicated to the financing of securitization vehicles which benefit from a banking liquidity line.

B. Each Sub-Fund may however:

(1) Invest up to 10% of its net assets in Transferable Securities and Money Market Instruments other than those referred to above under A (1) through (4) and (8).

(2) Hold cash and cash equivalents on an ancillary basis.

Notwithstanding the above provision and if justified by exceptional market conditions, the Sub-Funds may invest up to 100% of their net assets in cash and cash equivalents, term deposits, debt securities and money market instruments dealt in on a Regulated Market and whose maturity does not exceed 12 months, monetary UCITS and UCIs, provided that sufficient diversification (duration, counterparty, ...) is ensured. In general terms, the Sub-Funds will then comply with the investment restrictions and the principle of risk spreading set forth under this chapter. There is no restriction as to the currency of these securities and instruments. Term deposits and liquid assets may not exceed 49% of the Sub-Funds' net assets; term deposits and liquid assets held by any counterparty including the Custodian may not exceed 20% of the Sub-Funds' net assets.

(3) Borrow up to 10% of its net assets, provided that such borrowings are made only on a temporary basis. Collateral arrangements with respect to the writing of options or the purchase or sale of forward or futures contracts are not deemed to constitute "borrowings" for the purpose of this restriction.

(4) Acquire foreign currency by means of a back-to-back loan.

C. In addition, the Fund shall comply in respect of the net assets of each Sub-Fund with the following investment restrictions per issuer:

(a) Risk Diversification rules

For the purpose of calculating the restrictions described under (1) to (5) and (8) hereunder, companies which are included in the same Group of Companies are regarded as a single issuer.

To the extent an issuer is a legal entity with multiple sub-funds where the assets of a sub-fund are exclusively reserved to the investors in such sub-fund and to those creditors whose claim has arisen in connection with the creation, operation and liquidation of that sub-fund, each sub-fund is to be considered as a separate issuer for the purpose of the application of the risk spreading rules described under items (1) to (5), (7) to (9) and (12) to (14) hereunder.

- ***Transferable Securities and Money Market Instruments***

(1) No Sub-Fund may purchase additional Transferable Securities and Money Market Instruments of any single issuer if:

- (i) upon such purchase more than 10% of its net assets would consist of Transferable Securities or Money Market Instruments of one single issuer; or
- (ii) the total value of all Transferable Securities and Money Market Instruments of issuers in which it invests more than 5% of its net assets would exceed 40% of the value of its net assets. This limitation does not apply to deposits and OTC derivative transactions made with financial institutions subject to prudential supervision.

(2) A Sub-Fund may invest on a cumulative basis up to 20% of its net assets in Transferable Securities and Money Market Instruments issued within the same Group of Companies.

(3) The limit of 10% set forth above under (1)(i) may be increased to 35% in respect of Transferable Securities and Money Market Instruments issued or guaranteed by a Member State, by its local authorities, by any Other State or by a public international body of which one or more Member State(s) are member(s).

(4) The limit of 10% set forth above under (1)(i) may be increased up to 25% in respect of qualifying debt securities issued by a credit institution which has its registered office in a Member State and which, under applicable law, is submitted to specific public control in order to protect the holders of such qualifying debt securities. For the purposes hereof, "qualifying debt securities" are securities the proceeds of which are invested in accordance with applicable law in assets providing a return which will cover the debt service through to the maturity date of the securities and which will be applied on a priority basis to the payment of principal and interest in the event of a default by the issuer. To the extent that a relevant Sub-Fund invests more than 5% of its net assets in debt securities issued by such an issuer, the total value of such investments may not exceed 80% of the net assets of such Sub-Fund.

(5) The securities specified above under (3) and (4) are not to be included for purposes of computing the ceiling of 40% set forth above under (1) (ii).

(6) Notwithstanding the ceilings set forth above, each Sub-Fund is authorised to invest, in accordance with the principle of risk spreading, up to 100% of its net assets in Transferable Securities and Money Market Instruments issued or guaranteed by a Member State, by its local authorities, by any other Member State of the Organization for Economic Cooperation and Development ("OECD") or by a public international body of which one or more Member State(s) are member(s), provided that (i) such securities are part of at least six different issues and (ii) the securities from any such issue do not account for more than 30% of the net assets of such Sub-Fund.

(7) Without prejudice to the limits set forth hereunder under (b), the limits set forth in (1) may be raised to a maximum of 20% for investments in shares and/or debt securities issued by the same body when the aim of the Sub-Fund's investment policy is to replicate the composition of a certain stock or debt securities index which is recognized by the Regulatory Authority, on the following basis:

- the composition of the index is sufficiently diversified,
- the index represents an adequate benchmark for the market to which it refers,
- it is published in an appropriate manner.

The limit of 20% may be raised to 35% where that proves to be justified by exceptional market conditions in particular in Regulated Markets where certain Transferable Securities or Money Market Instruments are highly dominant. The investment up to this limit is only permitted for a single issuer.

(8) A Sub-Fund may not invest more than 20% of its assets in deposits made with the same body.

- ***Financial Derivative Instruments***

(9) The risk exposure to a counterparty in an OTC derivative transaction may not exceed 10% of the Sub-Fund's net assets when the counterparty is a credit institution referred to in A (6) above or 5% of its net assets in other cases.

(10) Investment in financial derivative instruments shall only be made provided that the exposure to the underlying assets does not exceed in aggregate the investment limits set forth in (1) to (5), (8), (9), (13) and (14). When the Sub-Fund invests in index-based financial derivative instruments, these investments do not have to be combined to the limits set forth in (1) to (5), (8), (9), (13) and (14).

(11) When a Transferable Security or Money Market Instrument embeds a derivative, the latter must be taken into account when complying with the requirements of (A) (7) (ii) and (D) (1) above as well as with the risk exposure and information requirements laid down in the Prospectus.

- ***Units of Open-Ended Funds***

(12) No Sub-Fund may invest more than 20% of its assets in the units of a single UCITS or other UCI.

For the purpose of the application of this limit, each compartment of a UCITS or of a UCI with multiple compartments is to be considered as a separate issuer provided that the principle of segregation of the obligations of the various compartments vis-à-vis third parties is ensured.

Investments made in units of UCIs other than UCITS may not in aggregate exceed 30% of the net assets of the relevant Sub-Fund.

When a Sub-Fund invests in the units of other UCITS and/or other UCIs that are managed, directly or by delegation, by the same management company or by any other company with which the management company is linked by common management or control, or by a substantial direct or indirect holding, that management company or other company may not charge subscription or redemption fees on account of the Sub-Fund's investment in the units of such other UCITS and/or UCIs.

A Sub-Fund that invests a substantial proportion of its assets in other UCITS and/or other UCIs shall disclose in Part B of the Prospectus the maximum level of the management fees that may be charged both to the Sub-Fund itself and to the other UCITS and/or other UCIs in which it intends to invest. In its annual report the Fund shall indicate the maximum proportion of management fees charged both to the Sub-Fund itself and to the UCITS and/or other UCIs in which it invests.

- ***Combined limits***

(13) Notwithstanding the individual limits laid down in (1), (8) and (9) above, a Sub-Fund may not combine, where this would lead to investment of more than 20% of its net assets in a single issuer, any of the following:

- investments in Transferable Securities or Money Market Instruments issued by that body,
- deposits made with that body, and/or
- exposures arising from OTC derivative transactions undertaken with that body.

(14) The limits set out in (1), (3), (4), (8), (9) and (13) above may not be combined, and thus investments in Transferable Securities or Money Market Instruments issued by the same body, in deposits or derivative instruments made with this body carried out in accordance with (1), (3), (4), (8), (9) and (13) above may not exceed a total of 35% of the net assets of the Fund.

(b) Limitations on Control

(15) No Sub-Fund may acquire such amount of shares carrying voting rights which would enable the Fund to exercise a significant influence over the management of the issuer.

(16) The Fund may not acquire (i) more than 10% of the outstanding non-voting shares of any one issuer; (ii) more than 10% of the outstanding debt securities of any one issuer; (iii) more than

10% of the Money Market Instruments of any one issuer; or (iv) more than 25% of the outstanding shares or units of any one UCI.

The limits set forth in (ii) to (iv) may be disregarded at the time of acquisition if at that time the gross amount of debt securities or of the Money Market Instruments or the net amount of the instruments in issue cannot be calculated.

The ceilings set forth above under (15) and (16) do not apply in respect of:

- Transferable Securities and Money Market Instruments issued or guaranteed by a Member State or by its local authorities;
- Transferable Securities and Money Market Instruments issued or guaranteed by any Other State;
- Transferable Securities and Money Market Instruments issued by a public international body of which one or more Member State(s) are member(s);
- shares in the capital of a company which is incorporated under or organized pursuant to the laws of an Other State provided that (i) such company invests its assets principally in securities issued by issuers of that State, (ii) pursuant to the laws of that State a participation by the relevant Sub-Fund in the equity of such company constitutes the only possible way to purchase securities of issuers of that State, and (iii) such company observes in its investments policy the restrictions set forth under C, items (1) to (5), (8), (9) and (12) to (16); and
- shares in the capital of subsidiary companies which, exclusively on its or their behalf carry on only the business of management, advice or marketing in the country where the subsidiary is located, in regard to the redemption of shares at the request of shareholders.

D. In addition, the Fund shall comply in respect of its net assets with the following investment restrictions per instrument:

(1) Each Sub-Fund shall ensure that its global exposure relating to financial derivative instruments does not exceed the total net value of its portfolio.

The exposure is calculated taking into account the current value of the underlying assets, the counterparty risk, future market movements and the time available to liquidate the positions.

(2) Investments made in units of UCIs other than UCITS may not in aggregate exceed 30% of the net assets of a Sub-Fund.

E. Finally, the Fund shall comply in respect of the assets of each Sub-Fund with the following investment restrictions:

(1) No Sub-Fund may acquire commodities or precious metals or certificates representative thereof.

(2) No Sub-Fund may invest in real estate provided that investments may be made in securities secured by real estate or interests therein or issued by companies which invest in real estate or interests therein.

(3) No Sub-Fund may use its assets to underwrite any securities.

(4) No Sub-Fund may issue warrants or other rights to subscribe for Shares in such Sub-Fund.

(5) A Sub-Fund may not grant loans or guarantees in favour of a third party, provided that such restriction shall not prevent each Sub-Fund from investing in non fully paid-up Transferable Securities, Money Market Instruments or other financial instruments, as mentioned under A, items (5), (7) and (8).

(6) The Fund may not enter into uncovered sales of Transferable Securities, Money Market Instruments or other financial instruments as listed under A, items (5), (7) and (8).

F. Notwithstanding anything to the contrary herein contained:

(1) The ceilings set forth above may be disregarded by each Sub-Fund when exercising subscription rights attaching to securities in such Sub-Fund's portfolio.

(2) If such ceilings are exceeded for reasons beyond the control of a Sub-Fund or as a result of the exercise of subscription rights, such Sub-Fund must adopt as its priority objective in its sale transactions the remedying of such situation, taking due account of the interests of its shareholders.

While ensuring observance of the principle of risk spreading, the Fund may derogate to the limits set forth above for a period of 6 months following the date of its authorisation.

The Board of Directors has the right to determine additional investment restrictions to the extent that those restrictions are necessary to comply with the laws and regulations of countries where Shares of the Fund are offered or sold.

III. TECHNIQUES AND INSTRUMENTS RELATING TO TRANSFERABLE SECURITIES AND MONEY MARKET INSTRUMENTS

Save as otherwise described in the investment policy of any Sub-Fund under the related section "Investment Restrictions" in Part B of the Prospectus, the Fund may employ the techniques and instruments available in the context of securities investments for the purpose of efficient asset management such as securities lending and borrowing, repurchase agreements, reverse repurchase agreements and "réméré" transactions, under the conditions and within the limits laid down by the law, regulation and administrative practice, and in accordance with the CSSF Circular 14/592 relating to the Guidelines of the European Securities and Markets Authority (ESMA) on ETFs and other UCITS issues (ESMA/2014/937) and as described hereafter.

The risk exposure to a counterparty to securities lending transactions and borrowing, sale with right of repurchase and/ or reverse repurchase and repurchase transactions must be taken into account when calculating the combined limit of maximum 20% of the net assets of each Sub-Fund in a single issuer as set forth in II. Investment Restrictions, Section C (13). Each Sub-Fund

may take into account a guarantee conforming to the requirements set out under Section C. below in order to reduce the counterparty risk in securities lending and borrowing, in sale with right of repurchase and/or reverse repurchase and repurchase transactions.

A. Securities lending and borrowing

Each Sub-Fund may enter into securities lending and borrowing transactions subject to the following restrictions:

- Each Sub-Fund may only lend securities through a standardised lending system organised by a recognised clearing institution or through a financial institution that are subject to prudential supervision rules considered by the Regulatory Authority as equivalent to those prescribed by Community law and specialised in this type of transactions.

Each borrower must also be subject to prudential supervision rules considered by the Regulatory Authority as equivalent to those prescribed by Community law. In case the aforementioned financial institution acts on its own account, it is to be considered as counterparty in the securities lending agreement.

- As the Sub-Funds are open-ended, each Sub-Fund must be in a position to terminate outstanding loans and to recall securities lent out at all times. Should this not be the case, each Sub-Fund must ensure that securities lending transactions will be maintained at a level such that it is, at all times, able to meet its obligations to redeem Shares.
- Each Sub-Fund must receive, previously or simultaneously to the transfer of securities lent, a guarantee which complies with the requirements expressed under Section C. below. At maturity of the securities lending transaction, the guarantee will be remitted simultaneously or subsequently to the restitution of the securities lent.
- Each Sub-Fund may borrow securities only under the following specific circumstances in connection with the settlement of a sale transaction: (a) during a period over which the securities have been sent out for re-registration; (b) when the securities have been loaned and not returned in time; and (c) to avoid a failed settlement when the Custodian fails to make delivery.

B. Repurchase agreements, reverse repurchase agreements and “réméré” transactions

- Each Sub-Fund may enter into “réméré” transactions which consist in the purchase and sale of securities with a clause reserving the seller the right to repurchase from the buyer the securities sold at a price and term specified by the two parties in a contract.
- Each Sub-Fund may enter into repurchase agreements or reverse repurchase agreements which consist in the purchase and sale of securities with a simultaneous agreement to repurchase from the buyer the securities sold at a price and term specified by the two parties in a contract.
- Each Sub-Fund may act either as buyer or seller in “réméré” transactions, repurchase agreements or reverse repurchase agreements.

- Each Sub-Fund may only enter into “réméré” transactions, repurchase agreements or reverse repurchase agreements with financial institutions subject to prudential supervision rules considered by the Regulatory Authority as equivalent to those prescribed by Community law.
- Securities which are delivered to each Sub-Fund under a “réméré” transaction, a repurchase agreement or a reverse repurchase agreement may belong to any of the following categories of eligible assets:
 - o Short-term bank certificates or Money Market Instruments as set forth under II. A. (1) to (4) and (8), or
 - o Bonds issued and/or guaranteed by a Member State of the OECD or by their local public authorities or by supranational institutions and undertakings of a community, regional or worldwide nature, or
 - o Bonds issued by non-governmental issuers offering an adequate liquidity, or
 - o Shares or units of other money-market UCIs, provided that their net asset value is calculated daily and that such investment funds have a triple-A rating or any other form of rating considered as equivalent, or
 - o Equities admitted to official listing or negotiated on a Regulated Market of a Member State of the European Union or on a stock exchange of a Member State of the OECD on the conditions that these equities are included in a main index.
- During the life of a “réméré” transaction, a repurchase agreement or a reverse repurchase agreement, and where the Sub-Fund acts as a buyer, it may not sell or pledge/give as guarantee the securities which are the object of the contract, either before the right to repurchase these securities has been exercised by the counterparty, or the term of the contract has expired.
- As the Sub-Funds are open-ended, each Sub-Fund must ensure that the value of purchased securities subject to a repurchase obligation or under a “réméré” transaction will be maintained at a level such that it is, at all times, able to meet its obligations to redeem Shares.
- Securities which are delivered to each Sub-Fund under a “réméré” transaction, a repurchase agreement or a reverse repurchase agreement must belong to one of the categories of assets eligible for investment by each Sub-Fund as per chapter II A hereabove and Part B of the Prospectus. When complying with the investment restrictions defined under chapter II C hereabove, each Sub-Fund will take into consideration securities held directly or through “réméré” transactions, repurchase agreements or reverse repurchase agreements.

C. Collateral management

As part of securities lending transactions or when entering into “réméré” transactions or repurchase agreements and reverse repurchase agreements, each Sub-Fund must receive collateral, the value of which must at the conclusion of and constantly during the contract be at least equal to 90% of the value of securities lent and of the counterparties’ risk exposure.

In accordance with the ESMA’s Guidelines for competent authorities and UCITS management companies (ESMA/2014/937), collateral should be sufficiently diversified in terms of country,

markets and issuers. The criterion of sufficient diversification with respect to issuer concentration is considered to be respected if the Company receives from a counterparty of efficient portfolio management and over-the-counter financial derivative transactions a basket of collateral with a maximum exposure to a given issuer of 20% of the Company's net asset value. When the Company is exposed to different counterparties, the different baskets of collateral should be aggregated to calculate the 20% limit of exposure to a single issuer. By way of derogation from this sub-paragraph, the Company may be fully collateralised in different transferable securities and money market instruments issued or guaranteed by a Member State, one or more of its local authorities, a third country, or a public international body to which one or more Member States belong. The Company should receive securities from at least six different issues, but securities from any single issue should not account for more than 30% of the Company's net asset value.

The collateral must be blocked in favour of the Fund and must be given in the form of either:

- (a) Cash, other acceptable forms of liquid assets and Money Market Instruments as set forth under chapter II A (1) to (4) and (8) hereabove, or
- (b) bonds issued and/or guaranteed by a Member State of the OECD or by their local public authorities or by supranational institutions and undertakings of a community, regional or worldwide nature, or
- (c) bonds issued or guaranteed by first-class issuers offering an adequate liquidity, or
- (d) equities admitted to official listing or negotiated on a Regulated Market of a Member State of the European Union, Switzerland, Canada, Japan or the United States and which are included in a main index, or
- (e) shares or units of other money-market UCIs, provided that their net asset value is calculated daily and that such investment funds have a triple-A rating or any other form of rating considered as equivalent, or
- (f) shares or units of other UCITS, provided that such investment funds invest primarily in instruments listed under (c) and (d) hereabove.

The Fund reserves the right to re-invest the collateral received in the form of cash in any of the following assets:

- (a) short-term bank deposits, or
- (b) Money Market Instruments as set forth under chapter II A (1) to (4) and (8) hereabove, or
- (c) Short-term bonds issued and/or guaranteed by a Member State of the European Union, Switzerland, Canada, Japan or the United States or by their local authorities or by supranational institutions and undertakings of a community, regional or worldwide nature, or
- (d) Bonds issued or guaranteed by first-class issuers offering an adequate liquidity, or
- (e) Reverse repurchase agreement transactions as described hereabove, or
- (f) Shares or units of other money-market UCIs, provided that their net asset value is calculated daily and that such investment funds have a triple-A rating or any other form of rating considered as equivalent.

D. Collateral and haircut policy

In addition to the above mentioned provisions, collateral received by the Fund to reduce counterparty risk exposure shall be limited to cash.

Asset Class	Currency	Valuation percentage
Cash	EUR - USD - GBP	100%

Cash collateral shall only be re-invested in short term money market funds as defined in the “ESMA Guidelines on a Common Definition of European Money Market Funds”.

Re-invested cash collateral shall be diversified in accordance with the diversification requirements applicable to non-cash collateral (i.e. 20% per issuer) according to “ESMA Guidelines for competent authorities and UCITS management companies”.

In the event that the Fund (or any of its Sub-Fund(s)) receives collateral for at least 30% of the net assets, a stress testing policy may be implemented to ensure that regular stress tests are carried out under normal and exceptional liquidity conditions in order to allow it to assess the liquidity risk attached to the relevant collateral.

The liquidity stress testing policy should at least prescribe the following:

- a) design of stress test scenario analysis including calibration, certification & sensitivity analysis;
- b) empirical approach to impact assessment, including back-testing of liquidity risk estimates;
- c) reporting frequency and limit/loss tolerance threshold/s; and
- d) mitigation actions to reduce loss including haircut policy and gap risk protection.

MANAGEMENT COMPANY

The Fund is managed by the Board of Directors which has the overall responsibility for the management and administration of the Fund, its Sub-Funds and Classes, for authorising the establishment of Sub-Funds and Classes, and for setting and monitoring their investment policies and restrictions.

For the implementation of the investment policy of each Sub-Fund and the management of their assets, the administration and the marketing of the Fund, the Board of Directors has appointed a management company established under the Chapter 15 of the Law of 2010, La Française AM International (the “Management Company”). For this purpose, the Fund and the Management Company have entered into a Collective Portfolio Management Agreement which is dated 18 April 2011.

The Management Company is a company incorporated in Luxembourg as a *société anonyme* on 14 October 1985. Its corporate capital amounts to EUR 125,000. Its registered office is at 4A, rue

Henri Schnadt, L-2530 Luxembourg. The main purpose of the Management Company is the management of UCITS and other UCIs including the investment management, the administration and the marketing of UCITS and other UCIs.

For the purpose of a more efficient conduct of its duties, the Management Company may delegate to third parties, on its behalf and under its responsibility, the power to carry out one or more of its functions. If one or more of the Management Company's functions are so delegated, it will be specified in Part B of the Prospectus.

Its Supervisory Board is composed as follows:

- Mr Patrick Rivière (Chairman)
- Mr Xavier Lépine
- Mr Pierre Lasserre

Its Executive Board is composed as follows

- Mr Philippe Lecomte (Chairman)
- Mr Philippe Verdier
- Ms Isabelle Kintz
- Mr Alain Gerbaldi

THE SHARES

The Fund may issue Shares of different Classes reflecting the various Sub-Funds which the Board of Directors may decide to open. Within a Sub-Fund, classes of Shares may be defined from time to time by the Board of Directors so as to correspond to (i) a specific distribution policy, such as entitling to distributions or not entitling to distributions, and/or (ii) a specific sales and redemption charge structure, and/or (iii) a specific management or advisory fee structure, and/or (iv) a specific distribution fee structure, and/or (v) specific types of investors entitled to subscribe the relevant classes of Shares, and/or (vi) a specific currency, and/or (vii) any other specific features applicable to one Class.

The availability of such classes of Shares in each Sub-Fund shall be disclosed in Part B of the Prospectus for each Sub-Fund individually.

Shares in any Sub-Fund may be issued on a registered or bearer dematerialized basis at the request of the shareholders, provided however that the Board of Directors may decide in relation to one or several Sub-Fund(s) to issue only registered Shares. This will be indicated in the specific information concerning the relevant Sub-Fund(s) contained in Part B of the Prospectus.

The inscription of the shareholder's name in the register of shareholders evidences his or her right of ownership of such registered Shares.

Unless a Share certificate is requested, a holder of registered Shares shall receive a written confirmation of his or her shareholding.

A holder of bearer dematerialized Shares will have its Shares deposited on a securities account in the name of its beneficiary.

A holder of bearer dematerialized Shares requesting the exchange of his or her Shares for registered Shares or a holder of registered Shares requesting the exchange of his or her registered Shares for bearer dematerialized Shares shall bear the costs for such exchange.

All Shares must be fully paid-up; they are of no par value and carry no preferential or pre-emptive rights. Each Share of the Fund to whatever Sub-Fund it belongs is entitled to one vote at any general meeting of shareholders, in compliance with Luxembourg law and the Articles.

Fractional registered Shares may be issued to one thousandth of a Share, and such fractional Shares shall not be entitled to vote but shall be entitled to a participation in the net results and in the proceeds of liquidation attributable to the Shares in the relevant Sub-Fund on a pro rata basis.

If the Shares of a Sub-Fund are listed on the Luxembourg Stock Exchange, it will be specified in Part B of the Prospectus.

PROCEDURE FOR SUBSCRIPTION, CONVERSION AND REDEMPTION

Subscription of Shares

The Fund draws the investors' attention to the fact that any investor will only be able to fully exercise his investor rights directly against the Fund, notably the right to participate in general shareholders' meetings, if the investor is registered himself and in his own name in the shareholders' register. In cases where an investor invests in the Fund through an intermediary investing into the Fund in his own name but on behalf of the investor, it may not always be possible for the investor to exercise certain shareholder rights directly against the Fund. Investors are advised to take advice on their rights.

After the Initial Subscription Period of a class of Shares, if any, of a Sub-Fund (as defined in Part B of the Prospectus), the subscription price per Share in the relevant class of Shares or Sub-Fund (the "Subscription Price") is the total of the Net Asset Value per Share and the sales charge as stated in Part B of the Prospectus. The Subscription Price is available for inspection at the registered office of the Fund.

Subscriptions in any class of Shares or in any Sub-Fund may be subject to a minimum investment amount and/or a minimum holding requirement as stated in Part B of the Prospectus, as the case may be.

Investors whose applications are accepted will be allotted Shares issued on the basis of the Net Asset Value per Share determined as of the Valuation Day (as defined in this Part A in the section "Determination of the Net Asset Value" sub 1) "Calculation and Publication") following receipt of the subscription form provided that such application is received by the Fund within the relevant time limit as stated in Part B of the Prospectus. Applications received by the Fund after the relevant time limit will be dealt with on the following Valuation Day.

Investors may be required to complete a purchase application for Shares or other documentation satisfactory to the Fund, indicating that the purchaser is not a U.S. Person or nominee thereof. Subscription forms containing such representation are available from the Fund.

Payments for Shares will be made in the Reference Currency of the relevant class of Shares or Sub-Fund.

Payments for subscriptions must be made within the time limits set out for each Sub-Fund in Part B of the Prospectus.

The Fund may agree to issue Shares as consideration for a contribution in kind of securities or other permitted assets, in compliance with the conditions set forth by Luxembourg law, in particular the obligation for the Auditors of the Fund to deliver a valuation report and provided that such securities comply with the investment policy and restrictions of the relevant Sub-Fund. Any costs incurred in connection with a contribution in kind of securities shall be borne by the relevant shareholders.

The Fund reserves the right to reject any application in whole or in part, in which case subscription monies paid, or the balance thereof, as appropriate, will be returned to the applicant as soon as practicable or to suspend at any time and without prior notice the issue of Shares in one, several or all of the Sub-Funds.

Certificates or written confirmations of shareholding (as appropriate) will be sent to shareholders.

No Shares in any Sub-Fund will be issued during any period when the calculation of the Net Asset Value per Share in such Sub-Fund is suspended by the Fund, pursuant to the powers reserved to it by Article 12 of the Articles.

In the case of suspension of dealings in Shares, the application will be dealt with on the first Valuation Day following the end of such suspension period.

Money Laundering Prevention and Fight against Terrorist Financing

In order to contribute to the fight against money laundering and terrorist financing, the Fund will at all times comply with any obligations imposed by any applicable laws, rules, regulations and circulars with respect to the prevention of money laundering and terrorist financing obliging investors to prove their identity to the Fund. Subscriptions will be considered valid and acceptable by the Fund only if the subscription form is sent together with:

- in the case of natural persons, a copy of an identification document (passport or identity card), or
- in the case of corporate entities, a copy of the corporate documents (articles of incorporation and a recent extract from the trade register, authorised signatures list, list of shareholders holding directly or indirectly more than 25% of the share capital or the voting rights of the investor, directors' list, ...) and a copy of the identification documents (passport or identity card) of the beneficiaries and of the persons authorised to give instructions to the Registrar and Transfer Agent.

Such documents must be duly certified by a public authority (public notary, police, consulate, embassy) of the country of residence.

Such obligation is absolute, unless:

- the subscription form is sent (i) by a financial intermediary residing in any of the Member States of the European Union, the European Economic Area or any other country which impose equivalent requirements to those laid down by the Law of 12 November 2004 on the fight against money laundering and terrorist financing as amended, or (ii) by a branch or a subsidiary of financial intermediaries located in another country, if the parent company of this branch or subsidiary is located in any of these countries and if both the legislation of these countries and the parent company internal rules impose the application of rules relating to anti-money laundering and terrorist financing to this branch or subsidiary;

- the subscription form is sent directly to the Fund and the subscription is paid by :

- a wire transfer from a financial intermediary residing in any of these countries,
- a cheque drawn on the subscriber's personal account in a bank residing in one of these countries or a bank cheque issued by a bank residing in one of these countries.

However, the Board of Directors must obtain from its distributors, financial intermediaries or directly from the subscriber, at first demand, a copy of the identification documents as indicated above.

Before accepting a subscription, the Fund may undertake additional investigations in accordance with national and international rules in force concerning anti-money laundering and terrorist financing.

Conversion of Shares

Shareholders have the right, subject to the provisions hereinafter specified, to convert Shares from one Sub-Fund for Shares of another Sub-Fund and to convert Shares of a given class of Shares to Shares of the same class of Shares of another Sub-Fund (if applicable). The Board of Directors may refuse to accept a conversion application if it is detrimental to the interests of the Fund, the Sub-Funds and the classes of Shares concerned or the relevant shareholders.

The rate at which Shares of any class of Shares or Sub-Fund shall be converted will be determined by reference to the respective Net Asset Values of the relevant classes of Shares or Sub-Funds, calculated as of the Valuation Day following receipt of the documents referred to below.

Conversions of Shares in any class of Shares or Sub-Fund may be subject to a fee based on the respective Net Asset Value of the relevant Shares as stated in Part B of the Prospectus, as the case may be. However, this amount may be increased if the subscription fee applied to the original class of Shares or Sub-Fund was less than the subscription fee applied to the class of Shares or Sub-Fund in which the Shares will be converted. In such cases, the conversion fee may not exceed the amount of the difference between the subscription rate applied to the class of Shares or Sub-Fund in which the Shares will be converted and the subscription rate applied to the initial subscription. This amount will be payable to the sales agents.

Shares may be tendered for conversion on any Valuation Day.

All terms and notices regarding the redemption of Shares shall equally apply to the conversion of Shares.

No conversion of Shares will be effected until a duly completed request for conversion of Shares has been received at the registered office of the Fund from the shareholder.

Fractions of registered Shares will be issued on conversion to one thousandth of a Share.

Certificates or written confirmations of shareholding (as appropriate) will be sent to shareholders together with the balance resulting from such conversion, if any.

In converting Shares of a class of Shares or Sub-Fund for Shares of the same class of Shares of another Sub-Fund or of another Sub-Fund, a shareholder must meet the applicable minimum initial investment requirements imposed by the acquired Sub-Fund, if any.

If, as a result of any request for conversion, the investment held by any shareholder in a class of Shares or Sub-Fund would fall below the minimum amount, if any, indicated in Part B of the Prospectus in the section "Minimum Investment" under the specific information for each Sub-Fund, the Fund may treat such request as a request to convert the entire shareholding of such shareholder.

Shares in any class of Shares or Sub-Fund will not be converted in circumstances where the calculation of the Net Asset Value per Share in the relevant classes of Shares or Sub-Funds is suspended by the Fund pursuant to Article 12 of the Articles.

In the case of suspension of dealings in Shares, the request for conversion will be dealt with on the first Valuation Day following the end of such suspension period.

Redemption of Shares

Each shareholder of the Fund may at any time request the Fund to redeem on any Valuation Day all or any of the Shares held by such shareholder in any of the classes of Shares or Sub-Funds.

Shareholders desiring to have all or any of their Shares redeemed should apply in writing to the registered office of the Fund.

Redemption requests should contain the following information (if applicable): the identity and address of the shareholder requesting the redemption, the number of Shares to be redeemed, the relevant class of Shares or Sub-Fund, whether the Shares are issued with or without a Share certificate, the name in which such Shares are registered and details as to whom payment should be made. Share certificates in proper form (if any) and all necessary documents to complete the redemption should be enclosed with such request.

Shareholders have to take due care and bear responsibility that the certificates of the Shares to be redeemed are received in proper form at the registered office of the Fund.

Shareholders whose requests for redemption are accepted will have their Shares redeemed on any Valuation Day provided that the requests have been received by the Fund within the relevant time limit as stated in Part B of the Prospectus. Requests received by the Fund after the relevant time limit will be dealt with on the following Valuation Day.

Shares will be redeemed at a price based on the Net Asset Value per Share in the relevant class of Shares or Sub-Fund determined on the first Valuation Day following receipt of the redemption request, potentially decreased by a redemption fee, as stated in Part B of the Prospectus, as the case may be.

The redemption price shall be paid within the time limits set out for each Sub-Fund in Part B of the Prospectus.

Payment will be made by transfer bank order to an account indicated by the shareholder, at such shareholder's expense and risk.

Payment of the redemption price will be made in the Reference Currency of the relevant class of Shares or Sub-Fund.

The redemption price may be higher or lower than the price paid at the time of subscription or purchase.

Shares in any class of Shares or Sub-Fund will not be redeemed if the calculation of the Net Asset Value per Share in such class of Shares or Sub-Fund is suspended by the Fund pursuant to Article 12 of the Articles.

Notice of any such suspension shall be given in all the appropriate ways to the shareholders who have made a redemption request which has been thus suspended. In the case of suspension of dealings in Shares, the request will be dealt with on the first Valuation Day following the end of such suspension period.

If as a result of any request for redemption, the investment held by any shareholder in a class of Shares or Sub-Fund would fall below the minimum amount indicated in Part B of the Prospectus, if any, the Fund may treat such request as a request to redeem the entire shareholding of such shareholder in such class of Shares or Sub-Fund.

Furthermore, if on any Valuation Day redemption requests pursuant to Article 8 and conversion requests pursuant to Article 9 of the Articles relate to more than 10 percent of the net assets of a specific Sub-Fund, the Board of Directors may decide that part or all of such requests for redemption or conversion will be deferred proportionally for such period as the Board of Directors considers to be in the best interests of the Sub-Fund. On the Valuation Days during such period, these redemption and conversion requests will be met in priority to later requests.

Under special circumstances including, but not limited to, default or delay in payments due to the relevant Sub-Fund from banks or other entities, the Fund may, in turn, delay all or part of the payment to shareholders requesting redemption of Shares in the Sub-Fund concerned. The right to obtain redemption is contingent upon the Sub-Fund having sufficient liquid assets to honor redemptions.

The Fund may also defer payment of the redemption of a Sub-Fund's Shares if raising the funds to pay such a redemption would, in the opinion of the Board of Directors, be unduly burdensome to such Sub-Fund. The payment may be deferred until the special circumstances have ceased; redemption could be based on the then prevailing Net Asset Value per Share.

If the value of the net assets of any Sub-Fund on a given Valuation Day has decreased to an amount of USD 10 million or the equivalent in any other Reference Currency, or in case of a significant change of the economic or political situation or in order to proceed to an economic rationalization, the Board of Directors may, at its discretion, elect to redeem all, but not less than all, of the Shares of such Sub-Fund then outstanding at the Net Asset Value per Share in such Sub-Fund (taking into account actual realization prices of investments and realization expenses), calculated on the Valuation Day at which such decision shall take effect. The Fund shall provide at least 30 days' prior written notice of redemption to all holders of the Shares to be so redeemed. Redemption proceeds corresponding to Shares not surrendered at the date of the compulsory redemption of the relevant Shares by the Fund may be kept with the Custodian (as defined hereinafter) during a period not exceeding nine months as from the date of such compulsory redemption; after this delay, these proceeds shall be kept in safe custody at the *Caisse de Consignation*. In addition, if the net assets of any Sub-Fund do not reach or fall below the above mentioned level at which the Board of Directors considers management possible, the Board of Directors may decide the merger of one Sub-Fund with one or several other Sub-Funds of the Fund in the manner described in this Part A in the section "General Information" sub 4) "Dissolution and Merger of Sub-Funds".

The Articles contain at Article 10 provisions enabling the Fund to compulsorily redeem Shares held by U.S. persons.

Protection against Late Trading and Market Timing practices

The Fund respectively the Central Administration ensures that the practices of Late Trading and Market Timing will be eliminated in relation to the distribution of Shares of the Fund. The cut-off times mentioned under the sections "Subscriptions and Subscription Fee", "Redemptions" and "Conversions" set out for each Sub-Fund in Part B of the Prospectus will be observed rigidly. The investors do not know the Net Asset Value per Share at the time of their request for subscription, redemption or conversion.

DETERMINATION OF THE NET ASSET VALUE

1) Calculation and Publication

The Net Asset Value per Share of each class of Shares in respect of each Sub-Fund shall be determined in the Reference Currency of that class of Shares or Sub-Fund.

The Net Asset Value per Share of each class of Shares in a Sub-Fund shall be calculated as of any Valuation Day (as defined hereinafter) by dividing the net assets of the Fund attributable to such class of Shares in that Sub-Fund (being the value of the portion of assets less the portion of liabilities attributable to such class of Shares on any such Valuation Day) by the total number of Shares in the relevant class of Shares then outstanding.

The Net Asset Value per Share of each class of Shares of the various Sub-Funds is determined on the day specified for each Sub-Fund in Part B of the Prospectus (the "Valuation Day") on the basis of the value of the underlying investments of the relevant Sub-Fund, determined as follows, based on the Luxembourg GAAP:

- (a) The value of any cash on hand or on deposit, bills and demand notes payable and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued as aforesaid and not yet received is deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full, in which case the value thereof is arrived at after making such discount as may be considered appropriate in such case to reflect the true value thereof.
- (b) The value of any security or other asset which is quoted or dealt in on a Regulated Market and Other Regulated Market will be based on its last available price in Luxembourg; in the event that there would be several such markets, on the basis of the last available price on the main market for the relevant security.
- (c) In the event that any assets are not listed nor dealt in on any Regulated Market or on any Other Regulated Market, or if, with respect to assets listed or dealt in on any Regulated Market or on any Other Regulated Market as aforesaid, the price as determined pursuant to sub-paragraph (b) is not representative of the fair market value of the relevant assets, the value of such assets will be based on the reasonably foreseeable sales price determined prudently and in good faith.
- (d) Units or shares of undertakings for collective investment will be valued at their last determined and available net asset value or, if such price is not representative of the fair market value of such assets, then the price shall be determined by the Board of Directors on a fair and equitable basis.
- (e) The liquidating value of futures, spot, forward or options contracts not traded on stock exchanges nor on other Regulated Markets shall mean their net liquidating value determined, pursuant to the policies established by the Board of Directors, on a basis consistently applied for each different variety of contracts. The liquidating value of futures, spot, forward or options contracts traded on stock exchanges or on other Regulated Markets shall be based upon the last available settlement prices of these contracts on Regulated Markets and Other Regulated Markets on which the particular futures, spot, forward or options contracts are traded by the Fund; provided that if a futures, spot, forward or options contract could not be liquidated on the day with respect to which net assets are being determined, the basis for determining the liquidating value of such contract shall be such value as the Board of Directors may deem fair and reasonable. Swaps will be valued at their market value.
- (f) The value of money market instruments not traded on Regulated Markets nor on Other Regulated Markets and with a remaining maturity of less than 12 months and of more than 90 days is deemed to be the nominal value thereof, increased by any interest accrued thereon. Money market instruments with a remaining maturity of 90 days or less will be valued by the amortized cost method, which approximates market value.
- (g) Interest rate swaps will be valued at their market value established by reference to the applicable interest rate curve.
- (h) All other securities and other assets will be valued at fair market value as determined in good faith pursuant to procedures established by the Board of Directors.

The net proceeds from the issue of Shares in the relevant Sub-Fund are invested in the specific portfolio of assets constituting such Sub-Fund.

The Board of Directors shall maintain for each Sub-Fund a separate portfolio of assets. As between shareholders, each portfolio of assets shall be invested for the exclusive benefit of the relevant Sub-Fund.

Each Sub-Fund shall only be responsible for the liabilities which are attributable to such Sub-Fund.

The value of all assets and liabilities not expressed in the Reference Currency of a class of Shares or Sub-Fund will be converted into the Reference Currency of such class of Shares or Sub-Fund at the rate of exchange ruling in Luxembourg on the relevant Valuation Day.

The Board of Directors, in its discretion, may permit some other methods of valuation to be used if it considers that such valuation better reflects the fair value of any assets.

The Net Asset Value per Share and the issue, redemption and conversion prices for the Shares in each Sub-Fund may be obtained during business hours at the registered office of the Fund, and will be published in such newspapers as determined for each Sub-Fund in Part B of the Prospectus, as the case may be.

2) Temporary Suspension of the Calculation

In each Sub-Fund, the Fund may temporarily suspend the calculation of the Net Asset Value per Share and the issue, redemption and conversion of Shares:

a) during any period when any of the principal stock exchanges or other markets on which a substantial portion of the investments of the Fund attributable to such Sub-Fund from time to time are quoted or dealt in is closed otherwise than for ordinary holidays, or during which dealings therein are restricted or suspended;

b) during the existence of any state of affairs which constitutes an emergency in the opinion of the Board of Directors as a result of which disposal or valuation of assets owned by the Fund attributable to such Sub-Fund would be impracticable;

c) during any breakdown in the means of communication or computation normally employed in determining the price or value of any of the investments of such Sub-Fund or the current price or value on any stock exchange or other market in respect of the assets attributable to such Sub-Fund;

d) during any period when the Fund is unable to repatriate funds for the purpose of making payments on the redemption of Shares of such Sub-Fund or during which any transfer of funds involved in the realisation or acquisition of investments or payments due on redemption of Shares cannot, in the opinion of the Board of Directors, be effected at normal rates of exchange;

e) when for any other reason the prices of any investments owned by the Fund attributable to such Sub-Fund cannot promptly or accurately be ascertained;

f) upon the publication of a notice convening a general meeting of shareholders for the purpose of resolving the winding-up of the Fund;

g) during any period when the market of a currency in which a substantial portion of the assets of the Fund is denominated is closed otherwise than for ordinary holidays, or during which dealings therein are suspended or restricted;

h) during any period when political, economical, military, monetary or fiscal circumstances which are beyond the control and responsibility of the Fund prevent the Fund from disposing of the assets, or determining the Net Asset Value of the Fund in a normal and reasonable manner;

i) during any period when the calculation of the net asset value per unit or share of a substantial part of undertakings for collective investment the Fund is investing in, is suspended and this suspension has a material impact on the Net Asset Value per Share in a Sub-Fund.

Notice of the beginning and of the end of any period of suspension shall be given by the Fund to all the shareholders by way of publication and may be sent to shareholders affected, i.e. having made an application for subscription, redemption or conversion of Shares for which the calculation of the Net Asset Value has been suspended.

Any application for subscription, redemption or conversion of Shares is irrevocable except in case of suspension of the calculation of the Net Asset Value per Share in the relevant Sub-Fund, in which case shareholders may give notice that they wish to withdraw their application. If no such notice is received by the Fund, such application will be dealt with on the first Valuation Day following the end of the period of suspension.

DISTRIBUTION POLICY

The Fund's principal investment objective is to achieve long term capital growth.

Consequently, no dividend is expected to be paid to the shareholders of the different Sub-Funds.

The Board of Directors reserves however the right to propose the payment of a dividend at any time.

In any event, no distribution may be made if, as a result, the Net Asset Value of the Fund would fall below the equivalent of EUR 1,250,000.

Dividends not claimed within five years of their due date will lapse and revert to the relevant Sub-Fund.

CHARGES AND EXPENSES

General

The Fund pays out of the assets of the relevant Sub-Fund all expenses payable by the Fund which shall include but not be limited to formation expenses, fees payable to its Management Company, Investment Managers and Advisers, including performance fees and some expenses paid by these latter to their third party services providers, if any, fees and expenses payable to its Hedging Manager, Auditors and accountants, Custodian and correspondents, Domiciliary and Corporate Agent, Administrative Agent, Registrar and Transfer Agent, Listing Agent, any Paying Agent, any permanent representatives in places of registration, as well as any other agent employed by the Fund, the remuneration (if any) of the Directors and their reasonable out-of-pocket expenses, insurance coverage, and reasonable travelling costs in connection with Board meetings, fees and expenses for legal and auditing services, any fees and expenses involved in registering and maintaining the registration of the Fund with any governmental agencies or stock exchanges in the Grand Duchy of Luxembourg and in any other country, reporting and publishing expenses, including the costs of preparing, printing, translating, advertising and distributing prospectuses, explanatory memoranda, marketing documentation, publication, periodical reports or registration statements, share certificates, and the costs of any reports to shareholders, all taxes, duties, governmental and similar charges, and all other operating expenses, including the cost of buying and selling assets, interest, bank and brokerage charges. The Fund may accrue administrative and other expenses of a regular or recurring nature based on an estimated amount rateable for yearly or other periods.

In the case where any liability of the Fund cannot be considered as being attributable to a particular Sub-Fund, such liability shall be allocated to all the Sub-Funds prorata to their Net Asset Values or in such other manner as determined by the Board of Directors acting in good faith.

Expenses incurred in connection with the incorporation of the Fund including those incurred in the preparation and publication of the first Prospectus, as well as the taxes, duties and any other publication expenses, are supported by the Investment Manager.

Fees of the Custodian, Domiciliary and Corporate Agent, Administrative Agent, Registrar and Transfer Agent

Banque Degroof Luxembourg S.A. acting as Custodian, Domiciliary and Corporate Agent, Administrative Agent, Registrar and Transfer Agent is entitled to receive out of the assets of each Sub-Fund a fee calculated in accordance with customary banking practice in Luxembourg as a percentage per annum of the average quarterly Net Asset Value thereof during the relevant quarter and payable quarterly in arrears.

Such fee is set at a maximal rate of 0.25% per annum with a minimum of EUR 32,000 per annum and per Sub-Fund, payable quarterly in arrears and calculated on the average of the net assets of the Sub-Fund for the relevant quarter.

plus a transaction fee of EUR 15 per investment transaction with regard to the Custodian function and a fee of EUR 25 per transaction with regard to the Registrar and Transfer Agent function.

In addition, Banque Degroof Luxembourg S.A. acting as Custodian, Domiciliary and Corporate Agent, Administrative Agent, Registrar and Transfer Agent is entitled to be reimbursed by the Fund for its reasonable out-of-pocket expenses and disbursements.

CUSTODIAN

The Board of Directors has appointed Banque Degroof Luxembourg S.A. as custodian (the "Custodian") of the assets of all the Sub-Funds of the Fund.

The Custodian carries out the usual duties regarding custody, cash and securities deposits.

In particular, and upon the instructions of the Board of Directors, it will execute all financial transactions and provide all banking facilities.

The Custodian will further, in accordance with the Law of 2010:

- a) ensure that the sale, issue, redemption and cancellation of Shares effected by the Fund or on its behalf are carried out in accordance with the law and the Articles;
- b) ensure that in transactions involving the assets of the Fund, any consideration is remitted to it within the customary time limits;
- c) ensure that the income of the Fund is applied in accordance with the Articles.

The Custodian may entrust all or part of the assets of the Fund, in particular securities traded abroad or listed on a foreign stock exchange or admitted to a clearing system, to such clearing system or to such correspondent banks as may be determined by the Custodian from time to time. The Custodian's liability shall not be affected by the fact that it has entrusted all or some of the assets in its safe-keeping to a third party.

The Custodian shall in addition be responsible for the payment of the redemption price of the Shares by the Fund.

The rights and duties of Banque Degroof Luxembourg S.A. as Custodian are governed by an agreement entered into for an unlimited period of time on 19 January 2009 and which may be terminated at any time by the Fund or the Custodian on giving a three months' prior written notice. However, the Custodian shall continue to act as Custodian pending replacement and until all assets of the Fund have been transferred to the successor custodian.

The Custodian is a company in the form of a *société anonyme* under the laws of Luxembourg and having its registered office at 12, rue Eugène Ruppert, L-2453 Luxembourg. It has engaged in banking activities since its incorporation and as at 30 September 2014, its total capital (regulatory own funds tier 1) amounted to EUR 213,325,329.-

DOMICILIARY AND CORPORATE AGENT, ADMINISTRATIVE AGENT, REGISTRAR AND TRANSFER AGENT

The Management Company has appointed Banque Degroof Luxembourg S.A. as the domiciliary and corporate agent (the "Domiciliary and Corporate Agent") for the Fund. In such capacity, it will be responsible for all corporate agency duties required by Luxembourg law, and in particular for providing and supervising the mailing of statements, reports, notices and other documents to the shareholders, in compliance with the provisions of, and as more fully described in, the agreement mentioned hereinafter.

The Management Company has appointed Banque Degroof Luxembourg S.A. as the administrative agent (the "Administrative Agent") for the Fund. In such capacity, it will be responsible for all administrative duties required by Luxembourg law, and in particular for the bookkeeping and the calculation of the Net Asset Value per Share of any class of Shares within each Sub-Fund, in compliance with the provisions of, and as more fully described in, the agreement mentioned hereinafter.

The Management Company has appointed Banque Degroof Luxembourg S.A. as the registrar (the "Registrar") and transfer agent (the "Transfer Agent") for the Fund, which will be responsible for handling the processing of subscriptions for Shares, dealing with requests for redemptions and conversions and accepting transfers of funds, for the safekeeping of the register of shareholders of the Fund, the delivery of Share certificates, if requested, the safekeeping of all non-issued Share certificates of the Fund, for accepting Share certificates tendered for replacement, redemption or conversion, in compliance with the provisions of, and as more fully described in, the agreement mentioned hereinafter.

The rights and duties of the Domiciliary and Corporate Agent, Administrative Agent, Registrar and Transfer Agent are governed by an agreement entered into for an unlimited period of time on 18 April 2011 and which may be terminated at any time by the Management Company or Banque Degroof Luxembourg S.A. on giving a three months' prior written notice.

INVESTMENT MANAGER, INVESTMENT ADVISER AND HEDGING MANAGER

In order to carry out the policy of any Sub-Fund, the Management Company may delegate at the charge of the Fund the investment management function to one or more investment managers for each Sub-Fund, as specified in Part B of the Prospectus (individually the "Investment Manager" and collectively the "Investment Managers") as the case may be.

The Investment Manager provides the Management Company with advice, reports and recommendations in connection with the management of the assets of the relevant Sub-Fund(s) and shall advise the Management Company as to the selection of the securities and other assets constituting the portfolios of the relevant Sub-Fund(s) and has discretion, on a day-to-day basis and subject to the overall control and responsibility of the Management Company, to purchase and sell securities and otherwise to manage the relevant Sub-Fund's portfolio.

The Management Company and/or the Investment Manager(s) may be assisted at the charge of the Fund by one or more investment advisers for each Sub-Fund, as specified in Part B of the Prospectus (individually the "Investment Adviser" and collectively the "Investment Advisers"). An Investment Adviser may so be designated to provide investment advice on any particular category of assets of any Sub-Fund when it is considered that such an investment adviser has specific knowledge and skills in the contemplated assets. The Management Company nor the Investment Manager as the case may be, will never be bound by the advice provided by the Investment Adviser as the case may be.

The appointment of an Investment Manager and/or of an Investment Adviser and/or of a Risk Manager will be indicated in the specific information concerning the relevant Sub-Fund(s) contained in Part B of the Prospectus.

DISTRIBUTORS

The Management Company may decide to appoint at any time distributors and/or nominees (the "Distributors") to assist it in the distribution and the placement of Shares of the Fund.

The Distributors will carry out activities of marketing, placement and sale of Shares of the Fund. They will intervene in the relationship between the investors and the Fund in collecting subscription orders of Shares. They will be authorised to receive subscription and redemption orders from investors and shareholders on behalf of the Fund, and to offer Shares at a price based on the applicable Net Asset Value per Share.

The Distributors shall transmit to the Registrar and Transfer Agent of the Fund any application for the issue and/or redemption of Shares.

The Distributors will also be entitled to receive and execute the payment of the issue and redemption orders of Shares.

In the context of Distributors acting as nominees on behalf of investors, each Distributor shall be entered into the register of shareholders held by the Fund and not the clients who have invested in the Fund. The terms and conditions of the distribution agreements will provide, among others, that a client who has invested in the Fund through a Distributor shall at all times be entitled to require the transfer of the legal title to the Shares to be registered in such client's own name, whereupon that client shall be entered in the register of shareholders upon receipt of proper instructions from the Distributor.

Investors shall nevertheless retain the possibility to invest directly in the Fund, without investing via the Distributor.

The Management Company shall be responsible for the remuneration of the Distributors, the related payments to be deducted from the investment management fees payable by the Management Company to the Investment Manager.

The Management Company may conclude distribution agreements with Distributors provided that they are professionals in the financial sector and established in any of the member states of the European Union, the European Economic Area or any other country which impose equivalent

requirements within the meaning of the Law of 12 November 2004 on the fight against money laundering and terrorist financing, as amended. The Distributors so appointed will be mentioned in the annual and semi-annual reports of the Fund.

TAXATION

The following summary is based on the law and practice currently applicable in the Grand Duchy of Luxembourg and is subject to changes therein.

A. Taxation of the Fund in Luxembourg

The Fund is not liable to any Luxembourg tax on profits or income. The Fund is, however, liable in Luxembourg to a tax of 0.05% per annum of its Net Asset Value, such tax being payable quarterly on the basis of the value of the aggregate net assets of the Sub-Funds at the end of the relevant calendar quarter. However, this tax is reduced to 0.01% per annum for the net assets attributable to the Classes dedicated to institutional investors. No stamp duty or other tax is payable in Luxembourg on the issue of Shares. No Luxembourg tax is payable on the realised capital appreciation of the assets of the Fund.

General

Dividends, interest and capital gains received by the Fund on its investments may be subject to non-recoverable withholding or other taxes in the countries of origin.

The Fund was liable to an initial capital tax of EUR 1,250 which was paid upon incorporation.

B. Luxembourg Taxation of shareholders

Law of 21 June 2005 implementing in Luxembourg legislation the EU Directive 2003/48/CE of 3 June 2003 in terms of taxation of the savings interest revenue

On 3 June 2003, the Council of the European Union adopted Council Directive 2003/48/EC on the taxation of savings income in the form of interest payments (the "Directive"). The Directive imposes withholding or reporting requirements on the "paying agent" (as defined by the Directive) resident within the European Union (or one of the non-European Union states or territories having agreed to apply similar measures) where that paying agent makes payments of interest (including by way of fund distributions and redemptions) cross-border to an individual or certain entities resident in another European Union member state (or in a territory that has opted for reciprocity, i.e. has agreed to adopt the same measures). If such a payment is subject to withholding tax, the beneficiary can avoid such withholding tax by submitting a certificate of exemption or an authorisation to exchange information, depending on the options proposed by the paying agent and the country of establishment.

In respect of interest distributed by investment funds, the Directive provides that "interest payment" includes income deriving from interest payments either directly or through a residual entity, distributed by (i) a UCITS; (ii) entities which have opted to be treated as a UCITS; and (iii) undertakings for collective investment established outside the territory of the European

Union, or income realised upon the sale, refund or redemption of shares or units of such undertakings and entities.

In accordance with the provisions of the Directive, dividend payments made by a Sub-Fund shall fall within the scope of the Directive if more than 15% of the Sub-Fund's net assets are invested in debt claims as defined by the Directive. Payments made by a Sub-Fund in the event of the redemption of Shares in a Sub-Fund (or any transaction treated as a redemption) shall fall within the scope of the Directive if more than 25% of the Sub-Fund's net assets are invested in such debt claims. From 1 July 2011, the applicable withholding tax is 35%.

The Directive has been implemented in Luxembourg by a law dated 21 June 2005 (the "Law of 21 June 2005"), as amended.

For interest payments made on or after 1 January 2015, in accordance with the Directive applying to interest payments made after December 31, 2014, the paying agent when located in Luxembourg, is required to forward the following information to the competent authority in Luxembourg: a) the identity and residence of the beneficial owner; b) the name or the name and address of the paying agent; c) the account number of the beneficial owner or, failing that, the identification of the debt interest; d) the total amount of interest or income or the total amount of the proceeds of the sale, repurchase or redemption. This information will be forwarded by the competent Luxembourg tax authorities of the country of tax residence of the beneficial owner. When an individual (or a residual entity within the meaning of the Directive) resident in another Member State is entered in the register of shareholders of the Company, the paying agent shall be deemed the Company or its delegate in charge of the payment of dividends or payment made by a Sub-Fund in relation to a redemption of shares.

The foregoing is only a summary of the implications of the Directive and the Law of 21 June 2005, is based on the current interpretation thereof and does not purport to be complete in all respects. It does not constitute investment or tax advice and investors should therefore seek advice from their financial or tax adviser on the full implications for themselves of the Directive and the Law of 21 June 2005.

General

It is expected that shareholders in the Fund will be resident for tax purposes in many different countries. Consequently, no attempt is made in the Prospectus to summarize the taxation consequences for each investor of subscribing, converting, holding or redeeming or otherwise acquiring or disposing of Shares in the Fund. These consequences will vary in accordance with the law and practice currently in force in a shareholder's country of citizenship, residence, domicile or incorporation and with his personal circumstances.

C: Foreign Account Tax Compliance Act ("FATCA")

The Foreign Account Tax Compliance Act (**FATCA**), which forms part of the US Hiring Incentives to Restore Employment (**HIRE**) Act, was enacted in the US in 2010 and took effect on 1 July 2014. The Act requires that foreign financial institutions (**FFIs**), that is financial institutions established outside of the US, report information on financial accounts held by specified US persons or non-US entities with one or more controlling person that is a specified US person (together referred to as "**US reportable accounts**") to the US tax authorities (Internal Revenue Service, **IRS**) every year. A withholding tax of 30% is also levied on revenue from a US

source paid to FFIs that do not comply with the requirements of FATCA ("**non participating FFIs**").

On 28 March 2014, the Grand Duchy of Luxembourg signed an intergovernmental agreement with the US ("**Luxembourg IGA**"). Funds that are considered FFIs are required to comply with the Luxembourg IGA as introduced into national law following its ratification rather than comply directly with the FATCA regulations as issued by the US government.

Pursuant to the Luxembourg IGA, funds are required to collect specific information identifying their shareholders/unitholders and all intermediaries (nominees) acting on behalf of the latter. Funds will be required to report information they have about US reportable accounts and non-participating FFIs to the Luxembourg tax authorities, which in turn relay that information automatically to the IRS.

Funds must comply with the provisions of the Luxembourg IGA as introduced into national law following its ratification in order to be considered compliant with the FATCA and to be exempt from the 30% withholding tax levied on US investments, whether real or considered as such. To guarantee such compliance, the Fund or any authorised agent may

- a. seek information or additional documentation, including US tax forms (Forms W-8 / W-9) and a GIIN (Global Intermediary Identification Number), where necessary, or any other documentary evidence of the identification of a shareholder/unitholder, intermediary, and their respective status pursuant to FATCA,
- b. report information specifically related to a shareholder/unitholder and its account to the Luxembourg tax authorities if it is considered a US reportable account pursuant to the Luxembourg IGA, or if the account is believed to be held by a non-participating FFI pursuant to FATCA, and
- c. where required, arrange for the deduction of US withholding tax applicable to payments made to certain shareholders/unitholders, in accordance with FATCA.

Notions and terms related to the FATCA should be interpreted and understood with reference to the definitions of the Luxembourg IGA and the texts ratifying this agreement under applicable national law, and solely on a secondary basis according to the definitions contained in the FATCA Final Regulations issued by the US government. (www.irs.gov).

The Fund may be required as part of its compliance with FATCA to disclose to the US tax authorities, via the Luxembourg tax authorities, personal information related to specified US persons, non-participating foreign financial institutions (FFIs), and passive non-financial foreign entities (passive NFFEs) with one or more controlling person that is a specified US person.

In the event of doubt concerning their status under FATCA or the implications of FATCA or the IGA in terms of their personal situation, investors are recommended to consult their financial, legal or tax advisor before subscribing for units/shares in the Fund.

The above information is not exhaustive and does not constitute legal or tax advice. Investors should inform themselves of, and when appropriate consult their professional advisers on, the possible tax consequences of subscribing for, buying, holding, converting,

redeeming or otherwise disposing of Shares under the laws of their country of citizenship, residence, domicile or incorporation.

GENERAL INFORMATION

1) Corporate Information

The Fund was incorporated for an unlimited period of time on 19 January 2009 and is governed by the Luxembourg law of 10 August 1915 on commercial companies, as amended, and by the Law of 2010.

The registered office of the Fund is established at 12, rue Eugène Ruppert, L-2453 Luxembourg.

The Fund is recorded at the "*Registre de Commerce et des Sociétés*" of Luxembourg under the number B 144551.

The Articles have been published in the "*Mémorial C, Recueil des Sociétés et Associations*" (the "Mémorial") of 20 February 2009, and have been filed with the Chancery of the District Court of Luxembourg. Any interested person may inspect the Articles on the "*Registre de Commerce et des Sociétés*" of Luxembourg website at www.rcsl.lu; copies are available on request at the registered office of the Fund.

The minimum capital of the Fund as provided by law, which must be achieved within 6 months from the date on which the Fund has been authorised as an undertaking for collective investment under Luxembourg law, is the equivalent of EUR 1,250,000. The capital of the Fund is represented by fully paid-up Shares of no par value. The initial capital of the Fund has been set at USD 31,000 divided into 310 fully paid-up Shares of no par value.

The Fund is open-ended which means that it may, at any time on the request of the shareholders, redeem its Shares at prices based on the applicable Net Asset Value per Share of the relevant Sub-Fund.

In accordance with the Articles, the Board of Directors may issue Shares in each Sub-Fund. A separate portfolio of assets is maintained for each Sub-Fund and is invested in accordance with the investment objective applicable to the relevant Sub-Fund. As a result, the Fund is an "umbrella fund" enabling investors to choose between one or more investment objectives by investing in one or more Sub-Funds.

The Board of Directors of the Fund may from time to time decide to create further Sub-Funds; in that event, the Prospectus will be updated and amended so as to include detailed information on the new Sub-Funds.

The share capital of the Fund will be equal, at any time, to the total value of the net assets of all the Sub-Funds.

The Articles, at Article 10, contain provisions enabling the Fund to restrict or prevent the ownership of Shares by U.S. Persons.

2) Meetings of, and Reports to, shareholders

Notice of any general meeting of shareholders (including those considering amendments to the Articles or the dissolution and liquidation of the Fund or of any Sub-Fund) shall be mailed to each registered shareholder at least eight days prior to the meeting and shall be published to the extent required by Luxembourg law in the Mémorial and in any Luxembourg and other newspaper(s) that the Board of Directors may determine. Such notices will indicate the date and time of the meeting as well as the agenda, the quorum requirements and the conditions of admission.

If all the Shares are only issued in registered form, convening notices may be mailed by registered mail to each registered shareholder without any further publication.

If the Articles are amended, such amendments shall be filed with the "*Registre de Commerce et des Sociétés*" of Luxembourg and published in the Mémorial.

The Fund publishes annually a detailed audited report on its activities and on the management of its assets; such report shall include, inter alia, the combined accounts relating to all the Sub-Funds, a detailed description of the assets of each Sub-Fund and a report from the Auditors.

The Fund shall further publish semi-annual unaudited reports, including, inter alia, a description of the investments underlying the portfolio of each Sub-Fund and the number of Shares issued and redeemed since the last publication.

The aforementioned documents will be available within four months for the annual reports and two months for the semi-annual reports of the date thereof and copies may be obtained free of charge by any person at the registered office of the Fund.

The accounting year of the Fund commences on the first of January and terminates on the thirty first of December of the same year.

The annual general meeting of shareholders takes place in Luxembourg City at a place specified in the notice of meeting on the third Thursday in the month of April at 11.30 a.m. If such day is not a Business Day in Luxembourg, the annual general meeting shall be held on the next following Business Day in Luxembourg.

The shareholders of any Sub-Fund may hold, at any time, general meetings to decide on any matters which relate exclusively to such Sub-Fund.

In accordance with the conditions laid down in the Luxembourg laws and regulations, the convening notice to any general meeting of the shareholders of the Fund may provide that the quorum and the majority applicable at the general meeting shall be determined according to the shares issued and outstanding at a certain date and a certain time prior to the general meeting (referred to as "Record Date"). The right of a shareholder to attend a meeting and to exercise the voting rights attaching to its shares are determined in accordance with the shares held by this shareholder at the Record Date.

The combined accounts of the Fund shall be maintained in USD being the currency of the share capital. The financial statements relating to the various separate Sub-Funds shall also be expressed in the relevant Reference Currency for the classes of Shares or Sub-Funds.

3) Dissolution and Liquidation of the Fund

The Fund may at any time be dissolved by a resolution of the general meeting of shareholders subject to the quorum and majority requirements applicable for amendments to the Articles.

Whenever the share capital falls below two-thirds of the minimum capital indicated in Article 5 of the Articles, the question of the dissolution of the Fund shall be referred to a general meeting of shareholders by the Board of Directors. The general meeting, for which no quorum shall be required, shall decide by the simple majority of the votes of the Shares represented at the meeting.

The question of the dissolution of the Fund shall also be referred to a general meeting of shareholders whenever the share capital falls below one-fourth of the minimum capital set by Article 5 of the Articles; in such event, the general meeting shall be held without any quorum requirement and the dissolution may be decided by shareholders holding one-fourth of the votes of the Shares represented at the meeting.

The meeting must be convened so that it is held within a period of forty days as from ascertainment that the net assets have fallen below two-thirds or one-fourth of the legal minimum, as the case may be.

Liquidation shall be carried out by one or several liquidators who may be physical persons or legal entities appointed by the general meeting of shareholders which shall determine their powers and their compensation.

The net proceeds of liquidation corresponding to each class of Shares in each Sub-Fund shall be distributed by the liquidators to the holders of Shares of the relevant class of Shares in such Sub-Fund in proportion to their holding of such Shares.

Should the Fund be voluntarily or compulsorily liquidated, its liquidation will be carried out in accordance with the provisions of the Law of 2010. Such law specifies the steps to be taken to enable shareholders to participate in the distribution(s) of the liquidation proceeds and provides for a deposit in escrow at the *Caisse de Consignation* at the time of the close of liquidation. Amounts not claimed from escrow within the statute of limitation period shall be liable to be forfeited in accordance with the provisions of Luxembourg law.

4) Dissolution and Merger of Sub-Funds

In the event that for any reason the value of the net assets in any Sub-Fund has decreased to an amount below USD 10 million or the equivalent in any other Reference Currency, being the amount determined by the Board of Directors to be the minimum level for such Sub-Fund to be operated in an economically efficient manner, or if a change in the economical or political situation relating to the Sub-Fund concerned would have material adverse consequences on the investments of that Sub-Fund or in order to proceed to an economical rationalization, the Board of Directors may decide to compulsorily redeem all the Shares issued in such Sub-Fund at the Net Asset Value per Share (taking into account actual realization prices of investments and realization expenses) calculated on the Valuation Day at which such decision shall take effect. The Fund

shall serve a notice to the holders of the relevant Shares at least thirty days prior to the effective date for the compulsory redemption, which will indicate the reasons for, and the procedure of the redemption operations: registered holders shall be notified in writing and the Fund shall inform holders of bearer dematerialized Shares by publication of a notice in newspapers to be determined by the Board of Directors. Unless it is otherwise decided in the interests of, or to keep equal treatment between the shareholders, the shareholders of the Sub-Fund concerned may continue to request redemption or conversion of their Shares free of charge (but taking into account actual realization prices of investments and realization expenses) prior to the effective date for the compulsory redemption.

Assets which may not be distributed to their beneficiaries upon the implementation of the redemption will be deposited with the Custodian for a period of nine months as from the date of the related decision; after such period, the assets will be deposited with the *Caisse de Consignation* on behalf of the persons entitled thereto.

All redeemed Shares shall be cancelled.

Under the same circumstances as provided in the first paragraph of this section, the Board of Directors may decide to allocate the assets of any Sub-Fund to those of another existing Sub-Fund within the Fund or to another undertaking for collective investment organized under the provisions of Part I of the Law of 2010 or to another sub-fund within such other undertaking for collective investment (the "New Sub-Fund") and to redesignate the Shares of the Sub-Fund concerned as Shares of another Sub-Fund (following a split or consolidation, if necessary, and the payment of the amount corresponding to any fractional entitlement to shareholders). Such decision will be published in the same manner as described in the first paragraph of this section (and, in addition, the publication will contain information in relation to the New Sub-Fund), one month before the date on which the merger becomes effective in order to enable shareholders to request redemption or conversion of their Shares, free of charge, during such period.

In the case of a merger with another Luxembourg undertaking for collective investment of the contractual type ("*fonds commun de placement*") or with a foreign based undertaking for collective investment, the decision shall be binding only on such shareholders who have voted in favour of such merger; the other shareholders will be considered to have asked for the redemption of their Shares.

PART B: SPECIFIC INFORMATION

I. SUB-FUND LA FRANÇAISE JKC China Equity

1. Name

The name of the Sub-Fund is "LA FRANÇAISE JKC China Equity".

2. Specific Investment Policy and Investment Restrictions

Investment Objective

The Sub-Fund's objective is to provide investors with exposure to China's long term growth through investments in listed companies having their operations in China, listed predominantly but not necessarily in Hong Kong and China.

The growth of the Sub-Fund will be achieved through an active cash management, the use of hedging instruments during periods of high market volatility and a wide selection of low beta stocks that offer recurrent dividend yields. As such, the Sub-Fund's performance is expected to be different from the performance of commonly followed China indices as it is not meant to track any of them.

Investment Policy

The Sub-Fund will be a multi-cap fund focusing on bottom up stock picking of listed companies having their operations in China and on the basis of ground due diligence and compelling valuations using a value-driven investment methodology.

The Sub-Fund will invest predominantly in Hong Kong and China. The Sub-Fund may invest up to 100% of its net assets in China A-Shares through the Shanghai-Hong Kong Stock Connect and/or through any similar acceptable securities trading and clearing linked program to be developed between Hong Kong Exchanges and Clearing Limited and the Shenzhen Stock Exchange. The Investment Manager may also decide to invest in Chinese companies listed on overseas markets as companies increasingly tend to seek a listing of their shares outside of China and Hong Kong. At the date of the Prospectus, certain Chinese companies are already listed in Singapore, Taiwan, London, Frankfurt and New York, where the Sub-Fund may also invest as a result. It is expected that in the future certain Chinese companies may seek a listing of their shares on other stock markets, where the Sub-Fund will then have the flexibility to invest.

Whilst the policy of the Investment Manager is to seek to invest the assets of the Sub-Fund in pursuit of the stated investment objective, the Investment Manager may hold cash reserves and/or convert the assets of the Sub-Fund into cash or short-term investments pending reinvestment.

The Sub-Fund may hedge its portfolio with the use from time to time of index-based derivatives and with an active cash management within the limits set out in Part A of the Prospectus under Chapter III.

Investment Restrictions

The Sub-Fund is subject to the investment restrictions set out in Part A of the Prospectus under Chapter II. In addition, the Sub-Fund may use techniques and instruments as set out under Chapter III in Part A of the Prospectus.

The Sub-Fund shall not invest more than 10% of its assets in the units of UCITS or other UCI.

Risk Profile

Investing in equity securities may offer a higher rate of return than those in short term and long term debt securities. However, the risks associated with investments in equity securities may also be higher, because the investment performance of equity securities depends upon factors which are difficult to predict.

China Risks

Political and Social Risk

Investments in China will be sensitive to any political, social and diplomatic developments which may take place in or in relation to China. Investors should note that any change in the policies of China may adversely impact on the securities markets in China as well as the performance of the Sub-Fund.

Economic Risk

The economy of China differs from the economies of most developed countries in many respects, including with respect to government involvement in its economy, level of development, growth rate and control of foreign exchange. The regulatory and legal framework for capital markets and companies in China is not well developed when compared with those of developed countries.

The economy in China has experienced rapid growth in recent years. However, such growth may or may not continue, and may not apply eventually across different sectors of China's economy. All these may have an adverse impact on the performance of the Sub-Fund.

Legal and Regulatory Risk

The legal system of China is based on written laws and regulations. However, many of these laws and regulations are still untested and the enforceability of such laws and regulations remains unclear. In particular, regulations which govern currency exchange in China are relatively new and their application is uncertain. Such regulations also empower the China Securities Regulatory Commission and the State Administration of Foreign Exchanges to exercise discretion in their respective interpretation of the regulations, which may result in increased uncertainties in their application.

Dependence upon trading market for China A shares

The existence of a liquid trading market for the China -A - shares may depend on whether there is supply of, and demand for China-A- shares.

Disclosure of Substantial Shareholding

Under China's disclosure of interest requirements, the Sub-Fund investing in China A-shares may be deemed to be acting in concert with other funds managed within the Investment Manager's group or a substantial shareholder of the Investment Manager and therefore may be subject to the risk that the Sub-Fund's holdings may have to be reported in aggregate with the holdings of such other funds mentioned above should the aggregate holding triggers the reporting threshold under China law, currently being 5% of the total issued shares of the relevant China listed company. This may expose the Sub-Fund's holdings to the public and may adversely impact the performance of the Sub-Fund concerned.

In addition, subject to the interpretation of Chinese courts and regulators, certain provisions contained in the China laws and regulations may be applicable to the Sub-Fund's investments with the result that where the holdings of the Sub-Fund (possibly with the holdings of other investors deemed as concert parties of the Sub-Fund) exceed 5% of the total issued shares of a China listed company, the Sub-Fund may not reduce its/their holdings in such company within six months of the last purchase of shares of such company. If the Sub-Fund violates the rule and sells any of its holdings in such company in the six month period, it/they may be required by the listed company to return any profits realized from such trading to the listed company.

Moreover, under China's civil procedures, the Sub-Fund's assets may be frozen to the extent of the claims made by such company.

Shanghai-Hong Kong Stock Connect Risks

The Sub-Fund may invest and have direct access to certain eligible China A-Shares via the Shanghai-Hong Kong Stock Connect ("Stock Connect"). The Stock Connect is a securities trading and clearing linked program developed by Hong Kong Exchanges and Clearing Limited ("HKEx"), Shanghai Stock Exchange ("SSE") and China Securities Depository and Clearing Corporation Limited ("ChinaClear"), with an aim to achieve mutual stock market access between the Mainland China and Hong Kong.

The Stock Connect comprises a Northbound Trading Link (for investment in China A-Shares) by which investors, through their Hong Kong brokers and a securities trading service company established by the Stock Exchange of Hong Kong Limited ("SEHK"), may be able to place orders to trade eligible shares listed on SSE by routing orders to SSE.

Under the Stock Connect, overseas investors (including the Sub-Fund) may be allowed, subject to rules and regulations issued/amended from time to time, to trade certain China A-Shares listed on the SSE (the "SSE Securities") through the Northbound Trading Link. The SSE Securities include all the constituent stocks from time to time of the SSE 180 Index and SSE 380 Index, and all the SSE-listed China A-Shares that are not included as constituent stocks of the relevant indices but which have corresponding H-Shares listed on SEHK, except (i) those SSE-listed shares which are not traded in Renminbi (the "RMB") and (ii) those SSE-listed shares which are included in the "risk alert board". The list of eligible securities may be changed subject to the review and approval by the relevant People Republic of China ("PRC") regulators from time to time.

Further information about the Stock Connect is available online at the website: http://www.hkex.com.hk/eng/market/sec_tradinfra/chinaconnect/chinaconnect.htm.

Quota limitations risk

The Stock Connect is subject to quota limitations on investment, which may restrict the Sub-Fund's ability to invest in China A-Shares through the Stock Connect on a timely basis and the Sub-Fund may not be able to effectively pursue its investment policy.

Suspension risk

Both SEHK and SSE reserve the right to suspend trading if necessary for ensuring an orderly and fair market and managing risks prudently which would affect the Sub-Fund's ability to access the Mainland China market via Stock Connect.

Differences in trading day

The Stock Connect operates on days when both the Mainland China and Hong Kong markets are open for trading and when banks in both markets are open on the corresponding settlement days. So it is possible that there are occasions when it is a normal trading day for the Mainland China market but overseas investors (such as the Sub-Fund) cannot carry out any China A-Shares trading. The Sub-Fund may be subject to a risk of price fluctuations in China A-Shares during the time when the Stock Connect is not trading as a result.

Clearing, settlement and custody risks

The Hong Kong Securities Clearing Company Limited, a wholly-owned subsidiary of HKEx (the "HKSCC") and ChinaClear establish the clearing links and each is a participant of each other to facilitate clearing and settlement of cross-boundary trades. As the national central counterparty of the Mainland China's securities market, ChinaClear operates a comprehensive network of clearing, settlement and stock holding infrastructure. ChinaClear has established a risk management framework and measures that are approved and supervised by the China Securities Regulatory Commission ("CSRC"). The chances of ChinaClear default are considered to be remote.

Should the remote event of ChinaClear default occur and ChinaClear be declared as a defaulter, HKSCC will in good faith, seek recovery of the outstanding stocks and monies from ChinaClear through available legal channels or through ChinaClear's liquidation. In that event, the Sub-Fund may suffer delay in the recovery process or may not be able to fully recover its losses from ChinaClear.

The China A-Shares traded through the Stock Connect are issued in scripless form, so investors such as the Sub-Fund will not hold any physical China A-Shares. Hong Kong and overseas investors, such as the Sub-Fund, who have acquired SSE Securities through Northbound Trading should maintain the SSE Securities with their brokers' or custodians' stock accounts with the Central Clearing and Settlement System operated by HKSCC for the clearing securities listed or traded on SEHK. Further information on the custody set-up relating to the Stock Connect is available upon request at the registered office of the Fund.

Nominee arrangements in holding China A-Shares

HKSCC is the "nominee holder" of the SSE securities acquired by overseas investors (including the Sub-Fund) through the Stock Connect. The CSRC Stock Connect rules expressly provide that

investors such as the Sub-Fund enjoy the rights and benefits of the SSE securities acquired through the Stock Connect in accordance with applicable laws. The CSRC has clarified in Frequently Asked Questions published on 15 May 2015 that (i) the concept of nominee shareholding is recognised in Mainland China, (ii) overseas investors shall hold SSE Securities through HKSCC and are entitled to proprietary interests in such securities as shareholders, (iii) Mainland China law does not expressly provide for a beneficial owner under the nominee holding structure to bring legal proceedings, nor does it prohibit a beneficial owner from doing so, (iv) as long as certification issued by HKSCC is treated as lawful proof of a beneficial owner's holding of SSE Securities under the Hong Kong Special Administrative Region law, it would be fully respected by CSRC and (v) as long as an overseas investor can provide evidential proof of direct interest as a beneficial owner, the investor may take legal actions in its own name in Mainland China courts.

Under the rules of the Central Clearing and Settlement System operated by HKSCC for the clearing of securities listed or traded on SEHK, HKSCC as nominee holder shall have no obligation to take any legal action or court proceeding to enforce any rights on behalf of the investors in respect of the SSE securities in Mainland China or elsewhere. Therefore, although the Sub-Fund's ownership may be ultimately recognised and the HKSCC confirmed that it is prepared to provide assistance to the beneficial owners of SSE securities where necessary, this Sub-Fund may suffer difficulties or delays in enforcing their rights China A-Shares. Moreover, whether Mainland China courts will accept the legal action independently initiated by the overseas investor with the certification of holding in SSE Securities issued by HKSCC has yet to be tested.

To the extent that HKSCC is deemed to be performing safekeeping functions with respect to assets held through it, it should be noted that the Custodian Bank and the Sub-Fund will have no legal relationship with HKSCC and no direct legal recourse against HKSCC in the event that a Fund suffers losses resulting from the performance or insolvency of HKSCC.

Investor compensation

Investments of the Sub-Fund through Northbound Trading under the Stock Connect will not be covered by Hong Kong's Investor Compensation Fund. Hong Kong's Investor Compensation Fund is established to pay compensation to investors of any nationality who suffer pecuniary losses as a result of default of a licensed intermediary or authorised financial institution in relation to exchange-traded products in Hong Kong.

Since default matters in Northbound Trading via the Stock Connect do not involve products listed or traded in SEHK or Hong Kong Futures Exchange Limited, they will not be covered by the Investor Compensation Fund. On the other hand, since the Sub-Fund is carrying out Northbound Trading through securities brokers in Hong Kong but not Mainland China brokers, therefore they are not protected by the China Securities Investor Protection Fund in Mainland China.

Operational risk

The Stock Connect provides a new channel for investors from Hong Kong and overseas, such as the Sub-Fund, to access the Mainland China stock market directly.

The Stock Connect is premised on the functioning of the operational systems of the relevant market participants. Market participants are able to participate in this program subject to meeting

certain information technology capability, risk management and other requirements as may be specified by the relevant exchange and/or clearing house.

It should be appreciated that the securities regimes and legal systems of the two markets differ significantly and in order for the trial program to operate, market participants may need to address issues arising from the differences on an on-going basis.

Further, the “connectivity” in the Stock Connect program requires routing of orders across the border. This requires the development of new information technology systems on the part of the SEHK and exchange participants (i.e. a new order routing system (“China Stock Connect System”) to be set up by SEHK to which exchange participants need to connect). There is no assurance that the systems of the SEHK and market participants will function properly or will continue to be adapted to changes and developments in both markets. In the event that the relevant systems failed to function properly, trading in both markets through the program could be disrupted. The Sub-Fund’s ability to access the China A-Share market (and hence to pursue their investment strategy) will be adversely affected.

Trading costs

In addition to paying trading fees and stamp duties in connection with China A-Share trading, the Sub-Fund may be subject to new portfolio fees, dividend tax and tax concerned with income arising from stock transfers which are yet to be determined by the relevant authorities.

Regulatory risk

The CSRC Stock Connect rules are departmental regulations having legal effect in the PRC. However, the application of such rules is untested, and there is no assurance that Mainland China courts will recognize such rules, e.g. in liquidation proceedings of Mainland China companies.

The Stock Connect is novel in nature, and is subject to regulations promulgated by regulatory authorities and implementation rules made by the stock exchanges in Mainland China and Hong Kong. Further, new regulations may be promulgated from time to time by the regulators in connection with operations and cross-border legal enforcement in connection with cross-border trades under the Stock Connect.

The regulations are untested so far and there is no certainty as to how they will be applied. Moreover, the current regulations are subject to change. There can be no assurance that the Stock Connect will not be abolished. The Sub-Fund may be affected as a result of such changes.

Stock Connect Tax Risks

Pursuant to Caishui 2014 No. 81 (“Notice 81”), foreign investors investing in China A-Shares listed on the Shanghai Stock Exchange through the Stock Connect would be temporarily exempted from China corporate income tax and business tax on the gains on disposal of such China A-Shares. Dividends would be subject to Mainland China corporate income tax on a withholding basis at 10%, unless reduced under a double tax treaty with China upon application to and obtaining approval from the competent China tax authority.

It is noted that Notice 81 states that the corporate income tax exemption effective from 17 November 2014 is temporary. As such, as and when the PRC authorities announce the expiry date

of the exemption, the Sub-Fund may in future need to make provision to reflect taxes payable, which may have a substantial negative impact on the Net Asset Value of the Sub-Fund.

Profile of targeted investors

This Sub-Fund is suitable for investors who want to benefit from the growth of China while minimizing the underlying volatility risk normally attached to Chinese equities through investments in value stocks listed in Hong Kong or on other markets.

The Sub-Fund offers investors a medium term investment vehicle.

Investors who wish to know the Sub-Fund’s historical performance are invited to consult the KIID containing in principle data on the past 3 accounting years. Investors should, however, note that this data cannot in any event be considered as an indication of the Sub-Fund’s future performance.

3. Distribution Policy

Since the Sub-Fund’s principal investment objective is the capital growth, no dividend is expected to be paid to the shareholders.

However, the distribution of dividends may be proposed by the Board of Directors to the general meeting of shareholders at any time.

4. Form of Shares

Shares in Classes I EURO-HEDGED, I USD, Q USD and DC USD will be issued in registered form only. Shares in the other Classes may be issued in registered or bearer dematerialized form, at the election of the investors.

5. Classes of Shares

The Sub-Fund offers the following Classes which differ according to the type of investors, the Reference Currency, the minimum investment (see item 6 herebelow) and the applicable management fees as the case may be (see items 15 and 17 herebelow):

Class I EURO-HEDGED:	Shares denominated in EUR and intended for institutional investors
Class I USD:	Shares denominated in USD and intended for institutional investors

(*) GP for *Gestion Privée*

The Classes T EURO-HEDGED and T USD are currently not launched. Upon launch of these Classes, the Prospectus will be updated accordingly.

The assets of the Classes will be invested jointly in accordance with the Sub-Fund's investment policy. Class I EURO-HEDGED, Class GP EURO-HEDGED, Class P EURO-HEDGED and T EURO-HEDGED Shares, denominated in EUR, will be managed in such a way as to hedge against the foreign exchange rate risk of currencies linked to the USD, Asian currencies being treated in the same way as the USD.

The hedging technique used by the Hedging Manager is based on rolling over EUR/USD forward foreign exchange contracts.

6. Minimum Investment

The minimum initial investment and holding requirement per investor in Class I EURO-HEDGED is EUR 150,000 and USD 200,000 in Class I USD.

The minimum initial investment and holding requirement per investor in Class GP EURO-HEDGED is EUR 5,000 and USD 6,000 in Class GP USD.

The minimum initial investment and holding requirement per investor in Class P EURO-HEDGED is EUR 500 and USD 500 in Class P USD.

The minimum initial investment and holding requirement per investor in Class Q USD is USD 20,000,000. The Board of Directors reserves the right to accept or to reject applications from institutional investors in this Share Class at its entire discretion.

The minimum holding requirement per investor in Class DC USD after 6 month as of the launch of this Class is USD 20,000,000. The Board of Directors reserves the right to accept or to reject applications from institutional investors in this Share Class at its entire discretion. If this minimum is not reached by a shareholder at the end of the 6 months' period, the Board of

Directors reserves the right to convert the concerned shareholder in another Class of the Sub-Fund. The concerned shareholders will be advised in advance of such decision.

There is no minimum initial investment and holding requirement per investor in Class T EURO-HEDGED and T USD.

The Board of Directors may decide to waive these minimum amounts at any time at its own discretion.

7. Initial Subscription Period

Share in Class DC USD may be subscribed between the 25 April and the 16 May 2014 not later than 12.00 noon, Luxembourg time (the "Initial Subscription Period") at a subscription price of USD 100, net of any sales charge (the "Initial Subscription Price").

The first Net Asset Value of the Shares in Classes DC USD will be determined on 21 May 2014.

Payment of the Initial Subscription Price must be effected in cash with the Custodian on 20 May 2014 at the latest.

The Board of Directors reserves the right to close the initial subscription period before the scheduled date and to extend it.

8. Subscriptions and Subscription Fee

After the Initial Subscription Period, the subscription price corresponds to the Net Asset Value per Share for the relevant Class on the relevant Valuation Day, which may be increased by a sales charge of a maximum of 5% of the applicable relevant Net Asset Value per Share and which shall revert to the sales agents.

In order to be dealt with on the basis of the relevant Net Asset Value per Share established on a Valuation Day, duly completed and signed subscription forms must be received by the Fund in Luxembourg not later than 12.00 noon, Luxembourg time, one Business Day preceding such Valuation Day and must be accepted. Subscription forms received after this time and date will take effect on the next following Valuation Day.

Payment shall be received by the Fund not later than 3 Business Days following such Valuation Day for the account of the Fund referencing the Sub-Fund and the relevant Class.

The corresponding Shares will be issued only upon receipt of the payment.

9. Redemptions

In order to be dealt with on the basis of the relevant Net Asset Value per Share established on a Valuation Day, redemption requests must be received by the Fund in Luxembourg not later than 12.00 noon, Luxembourg time, one Business Day preceding such Valuation Day. Redemption requests received after this time and date will take effect on the next following Valuation Day.

The redemption price shall be based on the Net Asset Value per Share for the relevant Class on the relevant Valuation Day. A redemption fee of a maximum of 1.5% of the applicable relevant

Net Asset Value will be levied at the discretion of the Board of Directors and will revert to the Investment Manager, provided that the principle of equal treatment of shareholders be complied with. For Classes I EURO-HEDGED, I USD, P EURO-HEDGED, P USD, Q USD, DC USD, T EURO-HEDGED and T USD, no redemption fee will be levied.

The redemption price shall be paid 3 Business Days following the applicable Valuation Day.

10. Conversions

Shares of any Class of the Sub-Fund may be converted into Shares of any other Class of the Sub-Fund according to the procedure described in the Prospectus. No conversion fee shall be levied.

The conversion list will be closed under the same terms and conditions as applicable to redemptions in the Sub-Fund.

The minimum investment requirements applicable to the relevant Classes shall be complied with.

11. Reference Currencies

The Net Asset Value per Share of Classes I EURO-HEDGED, GP EURO-HEDGED, P EURO-HEDGED and T EURO-HEDGED will be calculated in EUR.

The Net Asset Value per Share of Classes I USD, GP USD, P USD, Q USD, DC USD and T USD will be calculated in USD.

The Sub-Fund is consolidated in USD.

12. Frequency of the Net Asset Value (NAV) calculation and Valuation Day

The Net Asset Value per Share of each Class of the Sub-Fund will be determined and dated in Luxembourg under the overall responsibility of the Board of Directors on each Business Day ("Valuation Day"). The computation and publication of the Net Asset Value of each Valuation Day will be done on the following Business Day using the last available prices of such Valuation Day.

13. Management Company Fees

A management fee is payable to the Management Company by the Sub-Fund in remuneration for its services. Such fee is set at a maximal annual rate of 0.10% per annum with a minimum of EUR 30,000 per annum, payable quarterly in arrears and calculated on the average of the net assets of the Sub-Fund for the relevant quarter.

14. Investment Manager

In accordance with an agreement entered into with the Management Company in the presence of the Fund, terminable by either party giving not less than three months' prior notice to the other parties and with the approval of the Board of Directors of the Fund, JK Capital Management Ltd. is acting as Investment Manager.

JK Capital Management Ltd. is a company incorporated in Hong Kong on 21 March 1996. Its corporate capital amounts to HK\$ 11,385,799 as at 31 October 2010. Its registered office is at Suite 1101, Chinachem Tower, 34-37 Connaught Road Central, Hong Kong. The corporate object of the company is asset management and to advise on securities and on corporate finance.

15. Investment Management Fees

An investment management fee is payable to the Investment Manager by the Management Company at the charge of the Sub-Fund, in remuneration for its services. Such fee is set at the annual rate of 1.50% per annum, payable monthly in arrears and calculated on the average of the net assets of the Sub-Fund attributable to the Classes I EURO-HEDGED, I USD, GP EURO-HEDGED, GP USD, DC USD, T EURO-HEDGED and T USD for the relevant month and a rate of 0.75% for Class Q USD. Such fee is however set at the annual rate of 2.20% per annum, payable monthly in arrears and calculated on the average of the net assets of the Sub-Fund attributable to the Classes P EURO-HEDGED and P USD for the relevant month.

In addition, for the Classes I EURO-HEDGED, I USD, GP EURO-HEDGED, GP USD, P EURO-HEDGED, P USD, Q USD, T EURO-HEDGED and T USD of the Sub-Fund, the Investment Manager is entitled to receive, within ten Business Days of the last Business Day of each calendar year, a performance fee equal to

- 15% of the performance of the Net Asset Value per Share for Classes I EURO-HEDGED, I USD, GP EURO-HEDGED, GP USD, P EURO-HEDGED, P USD, T EURO-HEDGED and T USD;
- 7.5% of the performance of the Net Asset Value per Share for Class Q USD.

There is a performance of the Net Asset Value per Share of the Class if there is an increase in the Net Asset Value per Share of the Class compared to the highest Net Asset Value per Share ever previously achieved for this Class (“Reference Net Asset Value”, i.e. the last Net Asset Value on which a performance fee has been booked or the Initial Subscription Price for new Classes of Shares).

Under the high water mark principle, if there is an under-performance for a given period, this under-performance will be taken into consideration, which means that the Reference Net Asset Value of the Class will be maintained, until a performance of the Net Asset Value per Share of the Class is recorded.

The amount of the performance fee will be accrued on each Valuation Day, based on the outstanding Shares of the Class on that day.

In addition, for the Class DC USD of the Sub-Fund, the Investment Manager is entitled to receive, within ten Business Days of the last Business Day of each calendar year, a performance fee equal to:

- 15% of the Relative Performance over the high water mark during the reference period.

The Relative performance is spread between the performance of the share class since inception and the performance of the MSCI China Free Net Total Return index (MSCNXNUS Index) during the same period.

The high water mark is the highest Relative Performance registered since inception.

Under the high water mark principle, if there is an under-performance for a given period, this under-performance will be taken into consideration, which means that the High Water Mark will be maintained, until a higher Relative Performance of the Share class is recorded.

The amount of the performance fee will be accrued on each Valuation Day, based on the outstanding Shares of the Class on that day.

The Investment Manager is further entitled to be reimbursed by the Management Company at the charge of the Sub-Fund, the expenses paid to third party services providers by the Investment Manager for the use of computer databases necessary to the day-to-day management of the Sub-Fund (such as subscriptions to Bloomberg, Reuters, Dow Jones News Services, etc.), such reimbursements to be capped to USD 4,000 per month.

16. Hedging Manager

In accordance with an agreement entered into with the Management Company, terminable by either party giving not less than three months' prior notice to the other parties, Degroof Gestion Institutionnelle - Luxembourg is acting as Hedging Manager.

Degroof Gestion Institutionnelle - Luxembourg is a company incorporated in Luxembourg as a *société anonyme* on 20 December 2004. Its corporate capital amounts to EUR 2 million. Its registered office is at 12, rue Eugène Ruppert, L-2453 Luxembourg. Its main purpose is the management of UCITS and other UCIs including the investment management, the administration and the marketing of UCITS and other UCIs.

17. Hedging Management Fees

The Sub-Fund will pay a hedging fee to the Hedging Manager at the charge of Classes I EURO-HEDGED, GP EURO-HEDGED, P EURO-HEDGED and T EURO-HEDGED at the rate of 0.05% per annum, payable monthly in arrears and calculated on the average of the net assets of the Sub-Fund attributable to these Classes for the relevant month, in remuneration for its implementing the hedging technique as described under item 5 hereabove.

18. Listing on the Luxembourg Stock Exchange

The Shares of the Sub-Fund are listed on the Luxembourg Stock Exchange.

19. Publication of the NAV

The Net Asset Value per Share and the issue and redemption prices of the Shares will be available at the registered office of the Fund and will be available on Bloomberg.

20. Taxation

The Sub-Fund is liable to a tax of 0.05% per annum of its Net Asset Value (*taxe d'abonnement*), such tax being payable quarterly on the basis of the value of the aggregate net assets of the Sub-Fund at the end of the relevant calendar quarter. However, this tax is reduced to 0.01% per annum for the net assets attributable to Classes I EURO-HEDGED, I USD, Q USD and DC USD.

PART B: SPECIFIC INFORMATION

II. SUB-FUND LA FRANÇAISE JKC Asia Equity

1. Name

The name of the Sub-Fund is "LA FRANÇAISE JKC Asia Equity".

2. Specific Investment Policy and Investment Restrictions

Investment Objective

The Sub-Fund's objective is to provide investors with exposure to the Asian continent through investments in companies operating predominantly in Asia excluding Japan. The Sub-Fund aims at providing above-average returns with a lower-than-average volatility by implementing a bottom-up value approach investment methodology combined with a top-down macro-driven country allocation.

The lower volatility of the Sub-Fund will be achieved through an active cash management, the use of hedging instruments during periods of high market volatility and a wide selection of low beta stocks that offer recurrent dividend yields. As such, the Sub-Fund's performance is expected to be different from the performance of commonly followed Asian indices as it is not meant to track any of them.

Investment Policy

The Sub-Fund will be a multi-cap fund focusing on bottom up stock picking of listed companies having their operations in Asia excluding Japan and on the basis of ground due diligence and compelling valuations using a value-driven investment methodology.

The Sub-Fund will invest predominantly on the stock markets of Hong Kong, Mainland China, Singapore, Korea, Taiwan, Malaysia, Indonesia, India, Philippines and Thailand. The Sub-Fund may invest up to 50% of its net assets in China A-Shares through the Shanghai-Hong Kong Stock Connect and/or through any similar acceptable securities trading and clearing linked program to be developed between Hong Kong Exchanges and Clearing Limited and the Shenzhen Stock Exchange. Investments may also be made on a case by case basis in new markets such as Vietnam or Mongolia. The Sub-Fund does not intend to invest in Japan. The Investment Manager may also decide to invest in companies that have the bulk of their operations in Asia and that are listed on overseas markets as companies may seek a listing of their shares outside of Asia. For instance, as at the date of the Prospectus, certain Chinese companies are already listed in Singapore, Taiwan, London, Frankfurt and New York, where the Sub-Fund may also invest as a result. It is expected that in the future certain Asian companies may seek a listing of their shares on other stock markets, where the Sub-Fund will then have the flexibility to invest.

The Sub-Fund may also invest in Participatory Notes (or P-Notes) denominated in any currency.

For the avoidance of doubt P-Notes will mainly be used in order to gain exposure where access to local markets is restricted (*i.a.* in Indian market). It is understood that according to their specific

nature, these P-Notes qualify as securities within the meaning of Article 41 (1) of the Law of 2010 and section 2 of the Grand-Ducal Regulation of February 8, 2008 and / or securities embedding derivative instruments with the meaning of Article 41 instrument (1) of the Law of 2010 and section 10 of the Grand-Ducal Regulation of February 8, 2008.

Whilst the policy of the Investment Manager is to seek to invest the assets of the Sub-Fund in pursuit of the stated investment objective, the Investment Manager may hold cash reserves and/or convert the assets of the Sub-Fund into cash or short-term investments pending reinvestment.

The Sub-Fund may hedge its portfolio with the use from time to time of index-based derivatives and with an active cash management within the limits set out in Part A of the Prospectus under Chapter III.

Investment Restrictions

The Sub-Fund is subject to the investment restrictions set out in Part A of the Prospectus under Chapter II. In addition, the Sub-Fund may use techniques and instruments as set out under Chapter III in Part A of the Prospectus.

The Sub-Fund shall not invest more than 10% of its assets in the units of UCITS or other UCI.

The investment restrictions may not be complied with during a transitional period of 6 months from the payment date of the Initial Subscription Period as defined here below, provided that the Sub-Fund will endeavour to ensure, at all times, an appropriate level of diversification of risk within the portfolio of the Sub-Fund.

Risk Profile

Investing in equity securities may offer a higher rate of return than those in short term and long term debt securities. However, the risks associated with investments in equity securities may also be higher, because the investment performance of equity securities depends upon factors which are difficult to predict.

Investment in Asia to the extent described in the investment objective and policy described hereabove offers new growth opportunities. However, certain target markets may be affected by risks inherent to emerging markets, basically such as social and political modifications encountered in such country. Certain economic or financial factors such as inflation rate, regulation and restrictions on foreign exchange, restrictions on investments, limited liquidity of the markets, higher volatility in prices, rates and currencies, delayed settlements and transactions costs, counterparty risks linked to payments made prior to delivery of securities, differences in auditing and information on the issuers of securities, entail a degree of risks greater than the degree of risks associated with investment in more sophisticated markets such as the United States or the European Union.

The fundamental risk associated with any equity portfolio is the risk that the value of the investments it holds might decrease in value. Equity security values may fluctuate in response to the activities of an individual company or in response to general market and/or economic conditions. Historically, equity securities have provided greater long-term returns and have entailed greater short-term risks than other investment choices.

Participatory Notes also known as P-Notes are financial instruments that may be used to obtain exposure to an equity investment, including common stocks and warrants, in a local market where direct ownership is not allowed. Investment in P-Notes involves an OTC transaction with a third party. Therefore the Sub-Fund investing in P-Notes is exposed not only to movements in the value of the underlying equity, but also to the risk of counterparty default, which may in the event of counterparty default result in the loss of the full market value of the equity.

China Risks

Political and Social Risk

Investments in China will be sensitive to any political, social and diplomatic developments which may take place in or in relation to China. Investors should note that any change in the policies of China may adversely impact on the securities markets in China as well as the performance of the Sub-Fund.

Economic Risk

The economy of China differs from the economies of most developed countries in many respects, including with respect to government involvement in its economy, level of development, growth rate and control of foreign exchange. The regulatory and legal framework for capital markets and companies in China is not well developed when compared with those of developed countries.

The economy in China has experienced rapid growth in recent years. However, such growth may or may not continue, and may not apply eventually across different sectors of China's economy. All these may have an adverse impact on the performance of the Sub-Fund.

Legal and Regulatory Risk

The legal system of China is based on written laws and regulations. However, many of these laws and regulations are still untested and the enforceability of such laws and regulations remains unclear. In particular, regulations which govern currency exchange in China are relatively new and their application is uncertain. Such regulations also empower the China Securities Regulatory Commission and the State Administration of Foreign Exchanges to exercise discretion in their respective interpretation of the regulations, which may result in increased uncertainties in their application.

Dependence upon trading market for China A-shares

The existence of a liquid trading market for the China A-shares may depend on whether there is supply of, and demand for, China A-shares.

Disclosure of Substantial Shareholding

Under China's disclosure of interest requirements, the Sub-Fund investing in China A-shares may be deemed to be acting in concert with other funds managed within the Investment Manager's group or a substantial shareholder of the Investment Manager and therefore may be subject to the risk that the Sub-Fund's holdings may have to be reported in aggregate with the holdings of such other funds mentioned above should the aggregate holding triggers the reporting threshold under China law, currently being 5% of the total issued shares of the relevant China listed company.

This may expose the Sub-Fund's holdings to the public and may adversely impact the performance of the Sub-Fund concerned.

In addition, subject to the interpretation of Chinese courts and regulators, certain provisions contained in the China laws and regulations may be applicable to the Sub-Fund's investments with the result that where the holdings of the Sub-Fund (possibly with the holdings of other investors deemed as concert parties of the Sub-Fund) exceed 5% of the total issued shares of a China listed company, the Sub-Fund may not reduce its/their holdings in such company within six months of the last purchase of shares of such company. If the Sub-Fund violates the rule and sells any of its holdings in such company in the six month period, it/they may be required by the listed company to return any profits realized from such trading to the listed company.

Moreover, under China's civil procedures, the Sub-Fund's assets may be frozen to the extent of the claims made by such company.

Shanghai-Hong Kong Stock Connect Risks

The Sub-Fund may invest and have direct access to certain eligible China A-Shares via the Stock Connect. The Stock Connect is a securities trading and clearing linked program developed by Hong Kong Exchanges and Clearing Limited ("HKEx"), Shanghai Stock Exchange ("SSE") and China Securities Depository and Clearing Corporation Limited ("ChinaClear"), with an aim to achieve mutual stock market access between the Mainland China and Hong Kong.

The Stock Connect comprises a Northbound Trading Link (for investment in China A-Shares) by which investors, through their Hong Kong brokers and a securities trading service company established by the Stock Exchange of Hong Kong Limited ("SEHK"), may be able to place orders to trade eligible shares listed on SSE by routing orders to SSE.

Under the Stock Connect, overseas investors (including the Sub-Fund) may be allowed, subject to rules and regulations issued/amended from time to time, to trade certain China A-Shares listed on the SSE (the "SSE Securities") through the Northbound Trading Link. The SSE Securities include all the constituent stocks from time to time of the SSE 180 Index and SSE 380 Index, and all the SSE-listed China A-Shares that are not included as constituent stocks of the relevant indices but which have corresponding H-Shares listed on SEHK, except (i) those SSE-listed shares which are not traded in RMB and (ii) those SSE-listed shares which are included in the "risk alert board". The list of eligible securities may be changed subject to the review and approval by the relevant People Republic of China ("PRC") regulators from time to time.

Further information about the Stock Connect is available online at the website: http://www.hkex.com.hk/eng/market/sec_tradinfra/chinaconnect/chinaconnect.htm

Quota limitations risk

The Stock Connect is subject to quota limitations on investment, which may restrict the Sub-Fund's ability to invest in China A-Shares through the Stock Connect on a timely basis and the Sub-Fund may not be able to effectively pursue its investment policy.

Suspension risk

Both SEHK and SSE reserve the right to suspend trading if necessary for ensuring an orderly and fair market and managing risks prudently which would affect the Sub-Fund's ability to access the Mainland China market via Stock Connect.

Differences in trading day

The Stock Connect operates on days when both the Mainland China and Hong Kong markets are open for trading and when banks in both markets are open on the corresponding settlement days. So it is possible that there are occasions when it is a normal trading day for the Mainland China market but overseas investors (such as the Sub-Fund) cannot carry out any China A-Shares trading. The Sub-Fund may be subject to a risk of price fluctuations in China A-Shares during the time when the Stock Connect is not trading as a result.

Clearing, settlement and custody risks

The Hong Kong Securities Clearing Company Limited, a wholly-owned subsidiary of HKEx (the "HKSCC") and ChinaClear establish the clearing links and each is a participant of each other to facilitate clearing and settlement of cross-boundary trades. As the national central counterparty of the Mainland China's securities market, ChinaClear operates a comprehensive network of clearing, settlement and stock holding infrastructure. ChinaClear has established a risk management framework and measures that are approved and supervised by the China Securities Regulatory Commission ("CSRC"). The chances of ChinaClear default are considered to be remote.

Should the remote event of ChinaClear default occur and ChinaClear be declared as a defaulter, HKSCC will in good faith, seek recovery of the outstanding stocks and monies from ChinaClear through available legal channels or through ChinaClear's liquidation. In that event, the Sub-Fund may suffer delay in the recovery process or may not be able to fully recover its losses from ChinaClear.

The China A-Shares traded through the Stock Connect are issued in scripless form, so investors such as the Sub-Fund will not hold any physical China A-Shares. Hong Kong and overseas investors, such as the Sub-Fund, who have acquired SSE Securities through Northbound Trading should maintain the SSE Securities with their brokers' or custodians' stock accounts with the Central Clearing and Settlement System operated by HKSCC for the clearing securities listed or traded on SEHK. Further information on the custody set-up relating to the Stock Connect is available upon request at the registered office of the Fund.

Nominee arrangements in holding China A-Shares

HKSCC is the "nominee holder" of the SSE securities acquired by overseas investors (including the Sub-Fund) through the Stock Connect. The CSRC Stock Connect rules expressly provide that investors such as the Sub-Fund enjoy the rights and benefits of the SSE securities acquired through the Stock Connect in accordance with applicable laws. The CSRC has clarified in Frequently Asked Questions published on 15 May 2015 that (i) the concept of nominee shareholding is recognised in Mainland China, (ii) overseas investors shall hold SSE Securities through HKSCC and are entitled to proprietary interests in such securities as shareholders, (iii) Mainland China law does not expressly provide for a beneficial owner under the nominee holding

structure to bring legal proceedings, nor does it prohibit a beneficial owner from doing so, (iv) as long as certification issued by HKSCC is treated as lawful proof of a beneficial owner's holding of SSE Securities under the Hong Kong Special Administrative Region law, it would be fully respected by CSRC and (v) as long as an overseas investor can provide evidential proof of direct interest as a beneficial owner, the investor may take legal actions in its own name in Mainland China courts.

Under the rules of the Central Clearing and Settlement System operated by HKSCC for the clearing of securities listed or traded on SEHK, HKSCC as nominee holder shall have no obligation to take any legal action or court proceeding to enforce any rights on behalf of the investors in respect of the SSE securities in Mainland China or elsewhere. Therefore, although the Sub-Fund's ownership may be ultimately recognised and the HKSCC confirmed that it is prepared to provide assistance to the beneficial owners of SSE securities where necessary, this Sub-Fund may suffer difficulties or delays in enforcing their rights China A-Shares. Moreover, whether Mainland China courts will accept the legal action independently initiated by the overseas investor with the certification of holding in SSE Securities issued by HKSCC has yet to be tested.

To the extent that HKSCC is deemed to be performing safekeeping functions with respect to assets held through it, it should be noted that the Custodian Bank and the Sub-Fund will have no legal relationship with HKSCC and no direct legal recourse against HKSCC in the event that a Fund suffers losses resulting from the performance or insolvency of HKSCC.

Investor compensation

Investments of the Sub-Fund through Northbound Trading under the Stock Connect will not be covered by Hong Kong's Investor Compensation Fund. Hong Kong's Investor Compensation Fund is established to pay compensation to investors of any nationality who suffer pecuniary losses as a result of default of a licensed intermediary or authorised financial institution in relation to exchange-traded products in Hong Kong.

Since default matters in Northbound Trading via the Stock Connect do not involve products listed or traded in SEHK or Hong Kong Futures Exchange Limited, they will not be covered by the Investor Compensation Fund. On the other hand, since the Sub-Fund is carrying out Northbound Trading through securities brokers in Hong Kong but not Mainland China brokers, therefore they are not protected by the China Securities Investor Protection Fund in Mainland China.

Operational risk

The Stock Connect provides a new channel for investors from Hong Kong and overseas, such as the Sub-Fund, to access the Mainland China stock market directly.

The Stock Connect is premised on the functioning of the operational systems of the relevant market participants. Market participants are able to participate in this program subject to meeting certain information technology capability, risk management and other requirements as may be specified by the relevant exchange and/or clearing house.

It should be appreciated that the securities regimes and legal systems of the two markets differ significantly and in order for the trial program to operate, market participants may need to address issues arising from the differences on an on-going basis.

Further, the “connectivity” in the Stock Connect program requires routing of orders across the border. This requires the development of new information technology systems on the part of the SEHK and exchange participants (i.e. a new order routing system (“China Stock Connect System”) to be set up by SEHK to which exchange participants need to connect). There is no assurance that the systems of the SEHK and market participants will function properly or will continue to be adapted to changes and developments in both markets. In the event that the relevant systems failed to function properly, trading in both markets through the program could be disrupted. The Sub-Fund’s ability to access the China A-Share market (and hence to pursue their investment strategy) will be adversely affected.

Trading costs

In addition to paying trading fees and stamp duties in connection with China A-Share trading, the Sub-Fund may be subject to new portfolio fees, dividend tax and tax concerned with income arising from stock transfers which are yet to be determined by the relevant authorities.

Regulatory risk

The CSRC Stock Connect rules are departmental regulations having legal effect in the PRC. However, the application of such rules is untested, and there is no assurance that Mainland China courts will recognize such rules, e.g. in liquidation proceedings of Mainland China companies.

The Stock Connect is novel in nature, and is subject to regulations promulgated by regulatory authorities and implementation rules made by the stock exchanges in Mainland China and Hong Kong. Further, new regulations may be promulgated from time to time by the regulators in connection with operations and cross-border legal enforcement in connection with cross-border trades under the Stock Connect.

The regulations are untested so far and there is no certainty as to how they will be applied. Moreover, the current regulations are subject to change. There can be no assurance that the Stock Connect will not be abolished. The Sub-Fund may be affected as a result of such changes.

Stock Connect Tax Risks

Pursuant to Caishui 2014 No. 81 (“Notice 81”), foreign investors investing in China A-Shares listed on the Shanghai Stock Exchange through the Stock Connect would be temporarily exempted from China corporate income tax and business tax on the gains on disposal of such China A-Shares. Dividends would be subject to Mainland China corporate income tax on a withholding basis at 10%, unless reduced under a double tax treaty with China upon application to and obtaining approval from the competent China tax authority.

It is noted that Notice 81 states that the corporate income tax exemption effective from 17 November 2014 is temporary. As such, as and when the PRC authorities announce the expiry date of the exemption, the Sub-Fund may in future need to make provision to reflect taxes payable, which may have a substantial negative impact on the Net Asset Value of the Sub-Fund.

Profile of targeted investors

This Sub-Fund is suitable for investors who want to benefit from the growth of Asia (excluding Japan) while minimizing the underlying volatility risk normally attached to Asian equities through investments in value stocks listed on major Asian markets.

The Sub-Fund offers investors a medium term investment vehicle.

3. Distribution Policy

Since the Sub-Fund's principal investment objective is the capital growth, no dividend is expected to be paid to the shareholders.

However, the distribution of dividends may be proposed by the Board of Directors to the general meeting of shareholders at any time.

4. Form of Shares

Shares in Classes I EURO-HEDGED and I USD will be issued in registered form only. Shares in the other Classes may be issued in registered or bearer dematerialized form, at the election of the investors.

5. Classes of Shares

The Sub-Fund will offer the followings Classes which differ according to the type of investors, the Reference Currency, the minimum investment (see item 6 herebelow) and the applicable management fees as the case may be (see items 15 and 17 herebelow):

Class I EURO-HEDGED:	Shares denominated in EUR and intended for institutional investors
Class I USD:	Shares denominated in USD and intended for institutional investors
Class GP* EURO-HEDGED:	Shares denominated in EUR and intended for retail investors
Class GP* USD:	Shares denominated in USD and intended for retail investors
Class P EURO-HEDGED:	Shares denominated in EUR and intended for all types of investors subscribing through Independent Financial Advisors
Class P USD:	Shares denominated in USD and intended for all types of investors subscribing through Independent Financial Advisors
Class T EURO-HEDGED:	Shares denominated in EUR and intended for any type of investors, subject to acceptance by the Board of Directors. This Class is a Trailer-Fee-Clean Share Class (T)
Class T USD:	Shares denominated in USD and intended for any type of investors, subject to acceptance by the Board of Directors. This Class is a Trailer-Fee-Clean Share Class (T)

(*) GP for *Gestion Privée*

The Classes T EURO-HEDGED and T USD are currently not launched. Upon launch of these Classes, the Prospectus will be updated accordingly.

The assets of the Classes will be invested jointly in accordance with the Sub-Fund's investment policy. Class I EURO-HEDGED, Class GP EURO-HEDGED, Class P EURO-HEDGED and Class T EURO-HEDGED Shares, denominated in EUR, will be managed in such a way as to hedge against the foreign exchange rate risk of currencies linked to the USD, Asian currencies being treated in the same way as the USD.

The hedging technique used by the Hedging Manager is based on rolling over EUR/USD forward foreign exchange contracts.

6. Minimum Investment

The minimum initial investment and holding requirement per investor in Class I EURO-HEDGED is EUR 150,000 and USD 200,000 in Class I USD.

The minimum initial investment and holding requirement per investor in Class GP EURO-HEDGED is EUR 5,000 and USD 6,000 in Class GP USD.

The minimum initial investment and holding requirement per investor in Class P EURO-HEDGED is EUR 500 and USD 500 in Class P USD.

There is no minimum initial investment and holding requirement per investor in Class T EURO-HEDGED and T USD.

The Board of Directors may decide to waive these minimum amounts at any time at its own discretion.

7. Subscriptions and Subscription Fee

After the Initial Subscription Period, the subscription price corresponds to the Net Asset Value per Share for the relevant Class on the relevant Valuation Day, which may be increased by a sales charge of a maximum of 5% of the applicable relevant Net Asset Value per Share and which shall revert to the sales agents.

In order to be dealt with on the basis of the relevant Net Asset Value per Share established on a Valuation Day, duly completed and signed subscription forms must be received by the Fund in Luxembourg not later than 12.00 noon, Luxembourg time, one Business Day preceding such Valuation Day and must be accepted. Subscription forms received after this time and date will take effect on the next following Valuation Day.

Payment shall be received by the Fund not later than 3 Business Days following such Valuation Day for the account of the Fund referencing the Sub-Fund and the relevant Class.

The corresponding Shares will be issued only upon receipt of the payment.

8. Redemptions

In order to be dealt with on the basis of the relevant Net Asset Value per Share established on a Valuation Day, redemption requests must be received by the Fund in Luxembourg not later than 12.00 noon, Luxembourg time, one Business Day preceding such Valuation Day. Redemption requests received after this time and date will take effect on the next following Valuation Day.

The redemption price shall be based on the Net Asset Value per Share for the relevant Class on the relevant Valuation Day. A redemption fee of a maximum of 1.5% of the applicable relevant Net Asset Value will be levied at the discretion of the Board of Directors and will revert to the Investment Manager, provided that the principle of equal treatment of shareholders be complied with. For Classes I EURO-HEDGED, I USD, P EURO-HEDGED, P USD, T EURO-HEDGED and T USD, no redemption fee will be levied.

The redemption price shall be paid 3 Business Days following the applicable Valuation Day.

9. Conversions

Shares of any Class of the Sub-Fund may be converted into Shares of any other Class of the Sub-Fund according to the procedure described in the Prospectus. No conversion fee shall be levied.

The conversion list will be closed under the same terms and conditions as applicable to redemptions in the Sub-Fund.

The minimum investment requirements applicable to the relevant Classes shall be complied with.

10. Reference Currencies

The Net Asset Value per Share of Classes I EURO-HEDGED, GP EURO-HEDGED, P EURO-HEDGED and T EURO-HEDGED will be calculated in EUR.

The Net Asset Value per Share of Classes I USD, GP USD, P USD and T USD will be calculated in USD.

The Sub-Fund is consolidated in USD.

11. Frequency of the Net Asset Value (NAV) calculation and Valuation Day

The Net Asset Value per Share of each Class of the Sub-Fund will be determined and dated in Luxembourg under the overall responsibility of the Board of Directors on each Business Day ("Valuation Day"). The computation and publication of the Net Asset Value of each Valuation Day will be done on the following Business Day using the last available prices of such Valuation Day.

12. Management Company Fees

A management fee is payable to the Management Company by the Sub-Fund in remuneration for its services. Such fee is set at the annual rate of 0.10% per annum with a minimum of EUR 30,000 per annum, payable quarterly in arrears and calculated on the average of the net assets of the Sub-Fund for the relevant quarter.

13. Investment Manager

In accordance with an agreement entered into with the Management Company in the presence of the Fund, terminable by either party giving not less than three months' prior notice to the other parties and with the approval of the Board of Directors of the Fund, JK Capital Management Ltd. is acting as Investment Manager.

JK Capital Management Ltd. is a company incorporated in Hong Kong on 21 March 1996. Its corporate capital amounts to HK\$ 11,385,799 as at 31 October 2010. Its registered office is at Suite 1101, Chinachem Tower, 34-37 Connaught Road Central, Hong Kong. The corporate object of the company is asset management and to advise on securities and on corporate finance.

14. Investment Management Fees

An investment management fee is payable to the Investment Manager by the Management Company at the charge of the Sub-Fund, in remuneration for its services. Such fee is set at the annual rate of 1.50% per annum, payable monthly in arrears and calculated on the average of the net assets of the Sub-Fund attributable to the Classes I EURO-HEDGED, I USD, GP EURO-HEDGED, GP USD, T EURO-HEDGED and T USD for the relevant month. Such fee is however set at the annual rate of 2.20% per annum, payable monthly in arrears and calculated on the average of the net assets of the Sub-Fund attributable to the Classes P EURO-HEDGED and P USD for the relevant month.

In addition, for each Class of the Sub-Fund, the Investment Manager is entitled to receive, within ten Business Days of the last Business Day of each calendar year, a performance fee equal to 15% of the performance of the Net Asset Value per Share of the Class.

There is a performance of the Net Asset Value per Share of the Class if there is an increase in the Net Asset Value per Share of the Class compared to the highest Net Asset Value per Share ever previously achieved for this Class ("Reference Net Asset Value" – i.e. the last Net Asset Value on which a performance fee has been booked or the Initial Subscription Price for new share classes).

Under the high water mark principle, if there is an under-performance for a given period, this under-performance will be taken into consideration, which means that the Reference Net Asset Value of the Class will be maintained, until a performance of the Net Asset Value per Share of the Class is recorded.

The amount of the performance fee will be accrued on each Valuation Day, based on the outstanding Shares of the Class on that day.

The Investment Manager is further entitled to be reimbursed by the Management Company at the charge of the Sub-Fund, the expenses paid to third party services providers by the Investment Manager for the use of computer databases necessary to the day-to-day management of the Sub-Fund (such as subscriptions to Bloomberg, Reuters, Dow Jones News Services, etc.), such reimbursements to be capped to USD 4,000 per month.

15. Hedging Manager

In accordance with an agreement entered into with the Management Company, terminable by either party giving not less than three months' prior notice to the other parties, Degroof Gestion Institutionnelle - Luxembourg is acting as Hedging Manager.

Degroof Gestion Institutionnelle - Luxembourg is a company incorporated in Luxembourg as a *société anonyme* on 20 December 2004. Its corporate capital amounts to EUR 2 million. Its registered office is at 12, rue Eugène Ruppert, L-2453 Luxembourg. Its main purpose is the management of UCITS and other UCIs including the investment management, the administration and the marketing of UCITS and other UCIs.

16. Hedging Management Fees

The Sub-Fund will pay a hedging fee to the Hedging Manager at the charge of Classes I EURO-HEDGED, GP EURO-HEDGED, P EURO-HEDGED, T EURO-HEDGED at the rate of 0.05% per annum, payable monthly in arrears and calculated on the average of the net assets of the Sub-Fund attributable to these Classes for the relevant month, in remuneration for its implementing the hedging technique as described under item 5 hereabove.

17. Listing on the Luxembourg Stock Exchange

The Shares of the Sub-Fund are listed on the Luxembourg Stock Exchange.

18. Publication of the NAV

The Net Asset Value per Share and the issue and redemption prices of the Shares will be available at the registered office of the Fund and will be available on Bloomberg.

19. Taxation

The Sub-Fund is liable to a tax of 0.05% per annum of its Net Asset Value (*taxe d'abonnement*), such tax being payable quarterly on the basis of the value of the aggregate net assets of the Sub-Fund at the end of the relevant calendar quarter. However, this tax is reduced to 0.01% per annum for the net assets attributable to Classes I EURO-HEDGED and I USD.

20. ISIN codes

Class I EURO-HEDGED	LU0611874057
